Overview of Travel and Objectives

The Energy and Mines Ministers' Conference (EMMC) 2019 provided an important annual opportunity to engage with Federal, Provincial and Territorial counterparts and stakeholders to discuss issues pertaining to Canada and respective jurisdictions' energy sector.

Travel Activity:

The Ministers' meeting included discussions around the mining sector, major projects underway, and other issues of interest to the mining industry.

EMMC also afforded Minister Eyre the opportunity to raise important issues, such as Bill C-69, the branding of Canadian energy and the Gunnar Mine remediation, to her colleagues as well as network and engage with other provinces, territories and stakeholders on various issues.

The Conference also provided an opportunity to have bilateral meetings with Mr. Felix Lee (President) and Executive Director Lisa McDonald of the Prospectors and Developers Association of Canada (PDAC).

Minister Eyre also had a bilateral meeting with the Honourable Jonatan Julien, Quebec Minister of Energy and Natural Resources to discuss issues of mutual interest and importance between our two provinces.
