

Canada-Saskatchewan Job Grant Service Standards

The Ministry of Immigration and Career Training strives to exceed the following service standards for the Canada-Saskatchewan Job Grant:

- **Three business days:** In this time, ministry staff will contact the employer to confirm receipt of a job grant application;
- **Twenty business days:** Once a complete application has been received, ministry staff will evaluate and communicate a decision in this time period. The ministry will also prepare a contract from approved applications during this timeframe; and,
- **Forty business days from the training end-date:** The approved job grant payment will be issued to the employer in this time period, once all reporting requirements are met.
