Management's Responsibility for Financial Statements

*Laurie Pushor
Deputy Minister
of the Economy*

The accompanying financial statements included in the annual report of the Institutional Control Monitoring and Maintenance Fund and the Institutional Control Unforeseen Events Fund for the year ended March 31, 2018, are the responsibility of the management of the Ministry of the Economy. Management has prepared the financial statements in accordance with Canadian public sector accounting standards. The financial information presented elsewhere in the annual report is consistent with that in the financial statements.

To ensure the integrity and objectivity of the financial data, management maintains a comprehensive system of internal controls including written policies and procedures, and an organizational structure that segregates duties. These measures provide reasonable assurance that transactions are recorded and executed in compliance with legislation and required authority, that assets are properly safeguarded and that reliable financial records are maintained.

The financial statements have been audited by the Office of the Provincial Auditor. Its report to the Members of the Legislative Assembly, stating the scope of its examination and opinion on the financial statements, appears after the introduction.

A handwritten signature in black ink that reads "Laurie Pushor". The signature is fluid and cursive.

Laurie Pushor
Deputy Minister of the Economy
Regina, Saskatchewan
July 31, 2018

Introduction

The Institutional Control Monitoring and Maintenance Fund and the Institutional Control Unforeseen Events Fund were established on April 3, 2009, pursuant to Sections 11 and 12 of *The Reclaimed Industrial Sites Act* (Act). In 2007, the province legislated the Act and *The Reclaimed Industrial Sites Regulations* (Regulations) to establish and enforce the Institutional Control Program. The program implements the process for the long-term monitoring and maintenance of mine sites when mining/milling activities have ended, remediation has been completed and approved, and the sites are ready to be transferred to provincial responsibility. The two primary components of the program are the Institutional Control Registry and the aforementioned Institutional Control Funds. The registry will maintain a formal record of closed sites, manage the funding and perform any required monitoring and maintenance work.

The funds are administered by the Saskatchewan Ministry of the Economy.

Program Purpose

In 2005, Saskatchewan initiated the formal development of an institutional control framework for the long-term management of decommissioned mine and mill sites on provincial Crown land. The development of the framework was to ensure the health, safety and well-being of future generations, provide greater certainty and closure for the mining industry and recognize past stated obligations by the province, as well as national and international obligations for storage of radioactive materials. In 2007, the province legislated the Act and Regulations to establish and enforce the Institutional Control Program.

As noted above, the two primary components of the program are the registry and the two Institutional Control Funds. The registry's work will include records of the location of a closed site and its former operator, site description and historical records of activities, site maintenance, monitoring and inspection documentation, and future allowable land use for the site.

The Monitoring and Maintenance Fund will pay for long-term monitoring and maintenance; the Unforeseen Events Fund will pay for unforeseen future events.

To address the province's risk of accepting sites into custodial responsibility and the costs of future monitoring and maintenance and unforeseen future events, the holder responsible for an individual site establishes dedicated site-specific funding.

The funds are managed by the province but are legislated and independent from provincial revenue.

Program Activities

During the 2017-18 fiscal year, no site activities were required or undertaken by the Ministry on the sites accepted into the registry, therefore no expenses were incurred. Monitoring activities for these sites are scheduled in the 2019-20 fiscal year. The Ministry and regulators continued the review and assessment of a number of applications for additional sites to be accepted into the registry that had been received in the 2016-17 fiscal year. One additional application was received in 2017-18. The review and assessment will continue and these sites and accordant monitoring and maintenance fund deposits are expected to be accepted in the 2018-19 fiscal year.

A review of *The Reclaimed Industrial Sites Act* and *The Reclaimed Industrial Sites Regulations* was initiated in the 2015-16 fiscal year. Stakeholder consultation and the development of draft amendments continued through the 2017-18 fiscal year. *The Reclaimed Industrial Sites Amendment Act, 2018* will proceed forward for Cabinet approval in the 2018-19 fiscal year concurrent with the review and amendment of *The Reclaimed Industrial Sites Regulations*. One of the proposed amendments included in *The Reclaimed Industrial Sites Amendment Act, 2018* is to grant the Fund Advisory Committee exemption from liability for investment decisions as is provided for in other provincial legislation.

In May 2014, the Ministry invested the monies previously deposited in the Consolidated Offset Concentration arrangement of the province's General Revenue Fund. The previous arrangement was utilized as a short-term investment strategy in 2012-13 until the funds were invested in May 2014.

Investment activity will continue to be directed by the Fund Advisory Committee comprised of industry stakeholders that was formed in 2013-14. Funds in financial instruments that expired for the Monitoring and Maintenance Fund that came due in 2016-17 were invested in the 2017-18 fiscal year in accordance with direction from the committee, and will continue to be comprised of both short-term and long-term investments.

Institutional Control Monitoring and Maintenance Fund Financial Statements

**For the Year Ended
March 31, 2018**

INDEPENDENT AUDITOR'S REPORT

To: The Members of the Legislative Assembly of Saskatchewan

I have audited the accompanying financial statements of The Institutional Control Monitoring and Maintenance Fund, which comprise the statement of financial position as at March 31, 2018, and the statement of operations and accumulated surplus and statement of remeasurement gains and losses for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards for Treasury Board's approval, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements present fairly, in all material respects, the financial position of the Institutional Control Monitoring and Maintenance Fund as at March 31, 2018, and the result of its operations, and its remeasurement gains and losses for the year then ended in accordance with Canadian public sector accounting standards.

Judy Ferguson, FCPA, FCA
Provincial Auditor

NOTES TO THE FINANCIAL STATEMENTS

March 31, 2018

1. Authority

The Institutional Control Monitoring and Maintenance Fund (Fund) was established on April 3, 2009 pursuant to Sections 11 and 12 of *The Reclaimed Industrial Sites Act* (Act). In 2007, the Government of Saskatchewan legislated the Act and *The Reclaimed Industrial Sites Regulations* (Regulations) to establish and enforce the Institutional Control Program (ICP). In 2017-18 the Ministry introduced amendments to the Act and a first reading of proposed legislative changes occurred in December 2017, with an intent to approve and enact in 2018-19.

The purposes of the ICP are to:

- set out the conditions by which the Government of Saskatchewan will accept responsibility for land that, in consequence of development and use, requires long-term monitoring and, in certain circumstances, maintenance;
- ensure that the required monitoring and maintenance are carried out on that land;
- provide a funding mechanism to cover costs associated with the monitoring and maintenance on that land; and
- ensure that certain records and information are preserved with respect to that land.

The purpose of the Fund is to cover the monitoring and maintenance costs of reclaimed industrial sites registered in the ICP.

2. Significant Accounting Policies

Pursuant to standards established by the Public Sector Accounting Board, the Fund is classified as an “other government organization”. These financial statements are prepared in accordance with Canadian public sector accounting standards. These financial statements do not present a Statement of Cash Flows because this information is readily apparent from the Statement of Operations and Accumulated Surplus. A Statement of Changes in Net Financial Assets is not presented as the Fund does not hold any non-financial assets.

Use of Estimates

The preparation of the financial statements in accordance with public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates. Differences are reflected in current revenues and expenses or unrealized gains and losses when identified.

Revenue

Fees are recognized as revenue when a site owner has completed decommissioning and reclamation work and the site has been accepted into the ICP’s Registry.

Interest is recognized as revenue when earned. Unrealized gains and losses from changes in the fair value of financial instruments are recognized in the Statement of Remeasurement Gains and Losses. Upon settlement, the cumulative gain or loss is reclassified from the Statement of Remeasurement Gains and Losses and recognized in the Statement of Operations and Accumulated Surplus.

Financial guarantees provided by site holders as security for monitoring and maintenance costs are recorded as financial assets and revenue of the Fund when redeemed (Note 6).

Financial guarantees that are no longer deemed necessary to cover a maximum failure event are returned to the site owner.

Financial Assets

The Fund's financial assets include Due from General Revenue Fund, Investments and Interest Receivable. The Due from General Revenue Fund and Interest Receivable are recorded at cost. The carrying amount of Due from General Revenue Fund and Interest Receivable approximates fair value due to its immediate or short-term maturity. Investments consist of guaranteed investment certificates quoted in an active market and are measured at fair value. The fair value is linked to the performance of the S&P/TSX 60 Index and S&P/TSX Banks Index.

Risk

These instruments have no significant exposure to credit risk and liquidity risk. Investments are subject to market risk. Market risk is the risk that arises from changes in the value of financial instruments. Values can be affected by changes in interest rates, foreign exchange rates, and equity prices. Only the interest portion of the investment is subject to market risk as the principal is guaranteed. The investments are classified using a hierarchy that reflects the significance of the inputs used in determining their measurement. Under the classification structure for financial instruments, investments are classified at Level 1 for financial instruments recorded at unadjusted quoted prices in active markets for identical assets and liabilities.

Adoption of new Public Sector Accounting Standards:

The following new standards and amendments to standards, effective for annual periods beginning on or after April 1, 2017, have been analyzed in preparing these financial statements:

- PS 2200 Related Party Disclosures
- PS 3420 Inter-Entity Transactions
- PS 3210 Assets
- PS 3320 Contingent Assets
- PS 3380 Contractual Rights

The adoption of these standards and changes to standards has had no material impact on the Institutional Control Monitoring and Maintenance Fund's financial statements.

3. Net Financial Assets

The net financial assets of the Fund are available under Sections 11 and 12 of the Act to provide for the costs of long term planned monitoring and maintenance activities required at a site.

4. Due from the General Revenue Fund

The Fund's money is on deposit with the General Revenue Fund (GRF) and in a bank account included in the Consolidated Offset Bank Concentration arrangement for the Government of Saskatchewan. The Fund's earned interest is calculated and paid by the GRF on a quarterly basis to the Fund using the Government's thirty-day borrowing rate and the Fund's average daily account balance. The Government's average thirty-day borrowing rate for 2018 is 0.87% (2017 - 0.54%).

5. Investments

The Institutional Control Fund Advisory Committee was formed to direct investment activity of the Fund until the Fund is self-sufficient and a fund manager can be assigned. All investments are CDIC insured. Investments consist of guaranteed investment certificates (GICs) that have the following terms:

- \$ 4,389 Maturing July 17, 2018 – gains are linked to performance of the S&P/TSX 60 Index
- \$33,500 Maturing March 20, 2019 – 1 year non-redeemable GIC at 1.8% interest per annum
- \$115,683 Maturing March 23, 2023 – gains are linked to performance of the S&P/TSX Banks Index

The interest rates on the Market Linked GICs are a rate linked to performance of the S&P/TSX 60 Index and S&P/TSX Banks Index.

Index rate risk

The sensitivity of the Fund's accumulated remeasurement gains (losses) due to changes in the S&P TSX 60 Index rate is summarized in the table below:

	March 31, 2018	
	100 basis points increase in Index rate	100 basis points decrease in Index rate
Increase (decrease) to remeasurement gains (losses)	\$ 170.25	\$ 85.04

The sensitivity of the Fund's accumulated remeasurement gains (losses) due to changes in the S&P TSX Banks Index rate is summarized in the table below:

	March 31, 2018	
	25.00% maximum rate	2.75% Minimum rate

Increase (decrease) to remeasurement gains (losses)	\$ 633.49	\$ 69.68
---	-----------	----------

6. Fees

The Regulations require an owner applying for entry of a closed site into the ICP to pay the Fund an amount representing the present value of the future costs associated with the monitoring and maintenance of the site.

In addition, as a condition of the site being accepted into the ICP, the Regulations require a site owner to provide the Fund with:

- a) an agreed-upon amount of security in the form of financial guarantees that reflects the costs of dealing with a maximum failure event that could occur at the closed site; and / or
- b) confirmations, satisfactory to the Minister, that addresses the site owner's legal responsibility and other conditions such as financial guarantees and credit worthiness to pay for a maximum failure event.

At March 31, 2018, the fund held \$33,250 (2017 - \$33,250) in financial guarantees as security for maximum failure events at mine sites.

7. Related Party Transactions

Included in these financial statements are transactions with the government ministries and agencies related to the fund by virtue of common control by the Government of Saskatchewan.

Routine operating transactions with related parties are recorded at rates charged by those organizations and are settled on normal trade terms.

The Fund has not been charged with any administrative costs and no provision for such costs is reflected in these statements. These costs are borne by the Ministry of Energy and Resources. Once an investment manager is contracted, administrative costs will be charged to the Fund.

8. Budget

The next scheduled monitoring activities for the sites that have been accepted into the Registry are planned for 2019-20. No site activities were undertaken in 2017-18. In 2016-17 applications were received for several sites to be accepted into the Registry, the processing of the applications continued in 2017-18. It is forecasted that these sites and accordant monitoring and maintenance fund deposits will be accepted in the 2018-19 fiscal year once the applications are fully processed.

Institutional Control Unforeseen Events Fund Financial Statements

**For the Year Ended
March 31, 2018**

INDEPENDENT AUDITOR'S REPORT

To: The Members of the Legislative Assembly of Saskatchewan

I have audited the accompanying financial statements of The Institutional Control Unforeseen Events Fund, which comprise the statement of financial position as at March 31, 2018, and the statement of operations and accumulated surplus and statement of remeasurement gains and losses for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards for Treasury Board's approval, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements present fairly, in all material respects, the financial position of the Institutional Control Unforeseen Events Fund as at March 31, 2018, and the result of its operations, and its remeasurement gains and losses for the year then ended in accordance with Canadian public sector accounting standards.

NOTES TO THE FINANCIAL STATEMENTS

MARCH 31, 2018

1. Authority

The Institutional Control Unforeseen Events Fund (Fund) was established on April 3, 2009 pursuant to Sections 11 and 12 of *The Reclaimed Industrial Sites Act* (Act). In 2007, the Government of Saskatchewan legislated the Act and *The Reclaimed Industrial Sites Regulations* (Regulations) to establish and enforce the Institutional Control Program (ICP). In 2017-18 the Ministry introduced amendments to the Act and a first reading of proposed legislative changes occurred in December 2017, with an intent to approve and enact in 2018-19.

The purposes of the ICP are to:

- set out the conditions by which the Government of Saskatchewan will accept responsibility for land that, in consequence of development and use, requires long-term monitoring and, in certain circumstances, maintenance;
- ensure that the required monitoring and maintenance are carried out on that land;
- provide a funding mechanism to cover costs associated with the monitoring and maintenance on that land; and
- ensure that certain records and information are preserved with respect to that land.

The purpose of the Fund is to cover unanticipated maintenance and monitoring obligations that are not covered by the Institutional Control Monitoring and Maintenance Fund.

2. Significant Accounting Policies

Pursuant to standards established by the Public Sector Accounting Board, the Fund is classified as an “other government organization”. These financial statements are prepared in accordance with Canadian public sector accounting standards. These financial statements do not present a Statement of Cash Flows because this information is readily apparent from the Statement of Operations and Accumulated Surplus. A Statement of Changes in Net Financial Assets is not presented as the Fund does not hold any non-financial assets

Use of Estimates

The preparation of the financial statements in accordance with public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates. Differences are reflected in current revenues and expenses or unrealized gains and losses when identified.

Revenue

Fees are recognized as revenue when a site owner has completed decommissioning and reclamation work and the site has been accepted into the ICP's Registry.

Interest is recognized as revenue when earned.

Financial guarantees provided by site holders as security for monitoring and maintenance costs are recorded as financial assets and revenue of the Fund when redeemed (Note 6).

Financial guarantees that are no longer deemed necessary to cover a maximum failure event are returned to the site owner.

Financial Assets

The Fund's financial assets include Due from General Revenue Fund, Investments and Interest Receivable. The Due from General Revenue Fund and Interest Receivable are recorded at cost. The carrying amount of Due from General Revenue Fund and Interest Receivable approximates fair value due to its immediate or short-term maturity. Investments consist of guaranteed investment certificates quoted in an active market and are measured at fair value. The fair value is linked to the performance of the S&P/TSX 60 Index, the S&P/TSX Banks Index, and the S&P/TSX Capped Utilities Sector Index.

Risk

These instruments have no significant exposure to credit risk and liquidity risk. Investments are subject to market risk. Market risk is the risk that arises from changes in the value of financial instruments. Values can be affected by changes in interest rates, foreign exchange rates, and equity prices. Only the interest portion of the investment is subject to market risk as the principal is guaranteed. The investments are classified using a hierarchy that reflects the significance of the inputs used in determining their measurement. Under the classification structure for financial instruments, investments are classified at Level 1 for financial instruments recorded at unadjusted quoted prices in active markets for identical assets and liabilities.

Adoption of new Public Sector Accounting Standards:

The following new standards and amendments to standards, effective for annual periods beginning on or after April 1, 2017, have been analyzed in preparing these financial statements:

- PS 2200 Related Party Disclosures
- PS 3420 Inter-Entity Transactions
- PS 3210 Assets
- PS 3320 Contingent Assets
- PS 3380 Contractual Rights

The adoption of these standards and changes to standards has had no material impact on the Institutional Control Unforeseen Events Fund's financial statements.

3. Net Financial Assets

The net financial assets of the Fund are available under Sections 11 and 12 of the Act to provide for the costs of unforeseen monitoring and maintenance activities required at a site.

4. Due from the General Revenue Fund

The Fund's money is on deposit with the General Revenue Fund (GRF) and in a bank account included in the Consolidated Offset Bank Concentration arrangement for the Government of Saskatchewan. The Fund's earned interest is calculated and paid by the GRF on a quarterly basis to the Fund using the Government's thirty-day borrowing rate and the Fund's average daily account balance. The Government's average thirty-day borrowing rate for 2018 is 0.87% (2017 – 0.54%).

5. Investments

The Institutional Control Fund Advisory Committee was formed to direct investment activity of the Fund until the Fund is self-sufficient and a fund manager can be assigned. All investments are CDIC insured. Investments consist of guaranteed investment certificates (GICs) that have the following terms:

\$ 9,270	Maturing July 17, 2018 – gains are linked to performance of the S&P/TSX 60 Index
\$ 5,819	Maturing March 20, 2019 – 1 year redeemable GIC at 1.1% interest per annum
\$ 3,076	Maturing March 23, 2020 - gains are linked to the performance of the S&P/TSX Capped Utilities Sector Index
\$ 4,001	Maturing March 23, 2021 – gains are linked to the performance of the S&P/TSX 60 Index
\$7,204	Maturing March 23, 2023 – gains are linked to the performance of the S&P/TSX Banks Index

The interest rates are linked to the performance of the S&P/TSX 60, the S&P/TSX Capped Utilities Sector Index, and the S&P/TSX Banks Index for the Market Linked GICs.

Index rate risk

The sensitivity of the Fund's accumulated remeasurement gains (losses) due to changes in the S&P TSX 60 Index rate is summarized in the table below:

	March 31, 2018	
	100 basis points increase in Index rate	100 basis points decrease in Index rate
Increase (decrease) to remeasurement gains (losses)	\$ 363.15	\$ 181.40

The sensitivity of the Fund's accumulated remeasurement gains (losses) due to changes in the S&P/TSX Capped Utilities Sector Index rate is summarized in the table below:

	March 31, 2018	
	Minimum return in Index rate (0.25%)	Maximum return in Index rate (4.00%)
Increase (decrease) to remeasurement gains (losses)	\$ 0.17	\$ 2.70

The sensitivity of the Fund's accumulated remeasurement gains (losses) due to changes in the S&P/TSX Banks Index rate is summarized in the table below:

	March 31, 2018	
	Minimum return in Index rate (2.75%)	Maximum return in Index rate (25.00%)
Increase (decrease) to remeasurement gains (losses)	\$ 4.34	\$ 39.45

6. Fees

Section 4(2) of the Regulations requires an owner applying for entry of a closed site into the ICP to pay the Fund an amount representing 10 per cent (20 per cent for a closed site with tailings or engineered structures) of the present value of the future costs associated with the monitoring and maintenance of the site.

7. Related Party Transactions

Included in these financial statements are transactions with the government ministries and agencies related to the Fund by virtue of common control by the Government of Saskatchewan.

Routine operating transactions with related parties are recorded at rates charged by those organizations and are settled on normal trade terms.

The Fund has not been charged with any administrative costs and no provision for such costs is reflected in these statements. These costs are borne by the Ministry of Energy and Resources. Once an investment manager is contracted, administrative costs will be charged to the Fund.

8. Budget

There is currently no planned budget for this Fund as it is not anticipated that, aside from fees, there will be any activity.
