Draft Order #2

Pursuant to the authority in clause 9(2)(b) of *The Interpersonal Violence Disclosure Protocol (Clare's Law) Act*, and subsection 7(1) of *The Interpersonal Violence Disclosure Protocol (Clare's Law) Regulations*, The Saskatchewan Association of Chiefs of Police hereby makes the following amendments to *The Interpersonal Violence Disclosure Protocol*, dated November 25, 2019:

1. Paragraph 15.1 shall be added to the Protocol to read:

15.1 The Interpersonal Violence Disclosure Protocol was designed to encourage in-person contact between applicants and police services in order to connect potential victims directly with police and support services. There may be situations in which it is impossible or impracticable to follow the standard procedures due to increased

risk of harm to an applicant, mobility challenges, or social distancing requirements. In such situations, the process in Appendix "H" may be used in whole, or in-part, on a case-by-case basis, as determined by each police service.

2. Paragraph 57 of the Protocol shall be amended to read:

57. The multi-sector review committee is composed of up to ten individuals with knowledge of interpersonal violence representing the following agencies:
- Police services;
 - Victims Services as designated by the Director of Victims' Services; and
 - The Provincial Association of Transition Houses and Services of Saskatchewan.

3. Paragraph 61 of the Protocol shall be amended to read:

61. The chair will be responsible for recording, in writing, the recommendations of the multi-sector review committee. The chair shall transmit the recommendations to the relevant police service by a secure means. The chair and members of the multi-sector review committee will not maintain any documentation regarding their review of files pursuant to this Protocol.

4. Paragraph 62 of the Protocol shall be amended to read:

62. The multi-sector review committee will consider the information presented and categorize the risk to A as "low", "medium" or "high". Appendix F contains a description of each of these categories of risk.

5. The document entitled "Process alternatives when in-person contact is not possible or not practicable" is adopted as Appendix "H" to the Protocol.
