**IMPORTANT:**

The Ministry of Advanced Education is setup for e-Transfer auto deposits. If you are prompted to create a password, please do not proceed with sending the e-transfer as we will not be able to accept it.

If the Ministry receives an e-transfer that requires a security question and password, the school will be contacted by a Ministry official to advise that the payment cannot be accepted and the amount owing on your account will still be outstanding.

For payments that are greater than \$10,000, please use Cheque or Direct Deposit payments only. Amounts greater than \$10,000 cannot be processed by e-Transfer. Moreover, do not split the payments into two or more transactions because this does not adhere to our internal auditing practices.
