

Industry Tip

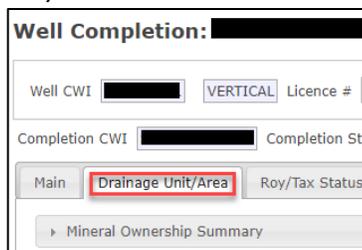

View Mineral Ownership Calculation

Date	Module/Application/Functionality	Notes
October 6, 2021	Petroleum Tenure Module	Initial Release

Background

The MOSR3 project implemented a *View Mineral Ownership* button for both Industry and Ministry that can be accessed from the *Actions* column of the *Drainage Unit/Area Tracts*. However, until IRIS Release 8.3, the Industry access has not been working. Industry users wishing to access this feature should contact their System Administrator to acquire the *I_INF_MineralOwnershipCalculation_View* permission set. Upon acquiring this permission set, the following steps can be performed to access the Mineral Ownership Calculation Details:

1. Log into IRIS and locate the *Well Completion* in question through the *Infrastructure > Well Completion* menu items to bring up the *Well Completion Search* screen.
2. After locating the *Well Completion* through the search screen, click on the *Drainage Unit/Area* tab.

Well Completion: [Redacted]

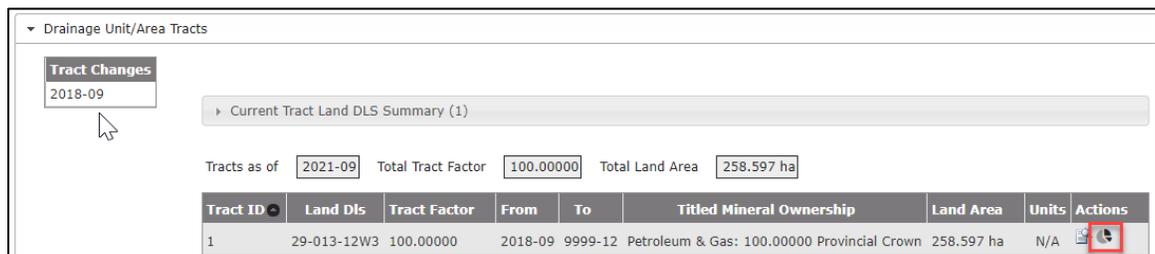

Well CWI [Redacted] VERTICAL Licence # [Redacted]

Completion CWI [Redacted] Completion St [Redacted]

Main **Drainage Unit/Area** Roy/Tax Status [Redacted]

▶ Mineral Ownership Summary

3. Scroll down to the Tract Information and click on the pie chart icon under the *Actions* column.

▼ Drainage Unit/Area Tracts

Tract Changes
2018-09

▶ Current Tract Land DLS Summary (1)

Tracts as of 2021-09 Total Tract Factor 100.00000 Total Land Area 258.597 ha

Tract ID	Land Dls	Tract Factor	From	To	Titled Mineral Ownership	Land Area	Units	Actions
1	29-013-12W3	100.00000	2018-09	9999-12	Petroleum & Gas: 100.00000 Provincial Crown	258.597 ha	N/A	

4. This will open the *View Mineral Ownership Calculation* screen, where several pieces of mineral ownership information can be reviewed. Industry can view the ownership area, and the Crown, Freehold and Federal Crown mineral ownership percentages for each legal

subdivision and mineral parcel within the Drainage Unit/Area.
