

Health Training Programs

Available to Saskatchewan Students Outside the Province

Saskatchewan has agreements with post-secondary institutions in other provinces to reserve seats for eligible Saskatchewan residents in specific health training programs not offered in the province. Find health care career opportunities at healthcareersinsask.ca.

Click on program titles for more details

Diagnostic Medical Sonography

Southern Alberta Institute of Technology (SAIT)

Diagnostic medical sonographers work as members of patient care teams, applying high-frequency sound waves to assess patients and provide information to physicians.

2.5 Year
Diploma

Nuclear Medicine Technology

Southern Alberta Institute of Technology (SAIT)

Nuclear medicine technologists use radioactive drugs and specialized instruments to help diagnose and treat disease and injury.

3 Year
Diploma

Cardiovascular Perfusion

British Columbia Institute of Technology (BCIT)

Cardiovascular perfusionists operate specialized equipment during open-heart surgeries or other procedures that may affect a patient's circulatory or respiratory function.

2 Year
Advanced
Certificate

Magnetic Resonance Imaging (MRI)

1st Discipline and 2nd Discipline

Northern Alberta Institute of Technology (NAIT)

MRI technologists are responsible for operating the MRI scanner, obtaining images, optimizing image quality and identifying pathology. Direct entry and post-diploma pathways are available.

2 Year
Diploma

Electroneurophysiology

British Columbia Institute of Technology (BCIT)

Electroneurophysiologists work in hospital settings, operating electro-neuro-diagnostic testing equipment to test and assess the integrity of the peripheral and central nervous system.

2 Year
Diploma

Prosthetics and Orthotics

British Columbia Institute of Technology (BCIT)

Prosthetics and orthotists perform assessments to determine a patient's orthopedic and prosthetic needs and assess functionality of muscle development, sensory function, range of motion and joint stability.

2 Year
Diploma

Interprovincial Agreement Incentive Program

Saskatchewan students studying in reserved IPA seats may be eligible for up to \$15,000 in financial supports if they return to work in Saskatchewan after graduation. Learn more at saskatchewan.ca/hhr-train.

Cardiology Technology

British Columbia Institute of Technology (BCIT)

Cardiology Technologists work in hospitals as well as specialty clinics and conduct non-invasive diagnostic cardiology procedures for heart patients.

2 - 5 Year
Diploma

Environmental Health

Concordia University of Edmonton

Public Health Inspectors deliver a wide variety of environmental health/public health programs through consultation, education, inspection and enforcement of legislation.

15 Month
After Degree

Radiation Therapy

University of Alberta (U of A)

Radiation Therapists play a critical role in radiation treatment planning, treatment delivery and verification, patient care and support, and delivering safe and accurate treatment.

4 Year
Degree

Financial Supports for Health Care Students

Financial supports and incentives are available for Saskatchewan health care students and recent graduates. Learn more about Saskatchewan Student Aid and other financial supports at saskatchewan.ca/hhr-train.
