## Overview of Travel and Objectives

---

Japan and South Korea are important and growing markets for SK exports, particularly for SK potash and agri-food products. In 2022, SK exports to Japan were valued at C\$1.2 billion. SK exports to South Korea have grown over 126% in the last five years and totalled C\$266 million in 2022.

- Japan is a key buyer of SK's agricultural products – SK was Canada's second-largest agri-food exporter to Japan in 2022 and was Japan's largest supplier of durum wheat and canola oil. Japanese companies are key investors in SK's mineral, agriculture, technology and clean energy sectors.
- South Korea is a key partner in the deployment of transformational 5G technologies in the province and South Korean companies are important investors in SK's mining sector.

This was Minister Harrison's second mission to Japan and Korea. Mission objectives included:

- supporting SK exports to Japan and Korea by:
  - promoting the SK-Japan and SK-Korea relationships by showcasing SK's strengths in agriculture, energy, innovation and mining;
  - highlighting the opportunities for SK to be a stable, sustainable and trusted partner to Japan and Korea in food and energy security; and
  - profiling SK's successes in innovation and exploring opportunities for collaboration in areas including green energy and carbon capture, utilization and storage;
- showcasing SK as a preferred destination for Japanese and Korean investment; and,
- promoting SK's Japan Office as a resource to develop and advance relationships with Japanese and Korean businesses and investors.

### Travel Activity

While in Japan, Minister Harrison:

- met with:
  - Japan's Vice-Minister of Ministry of Agriculture, Forestry and Fisheries and senior leaders from the Ministry, from JA Group/ZEN-NOH, and Mitsubishi Corporation;
  - Iwatani Corporation;
  - Japan Organization for Metals and Energy Security;
  - Mitsubishi Corporation's Oilseeds department;
  - Japan Overseas Infrastructure Investment Corporation;
  - Mitsui & Company;
  - Japan Flour Millers Association;
  - Sapporo Breweries;
  - Itochu Corporation; and
  - Renova Inc.; and
- provided remarks at an evening reception focused on trade and investment with SK to a select group of business executives and high-ranking Japanese government officials.

While in South Korea, Minister Harrison met with:

- Star Group International and toured the company's factory; and
- Samsung Networks and toured the company's campus.
