Overview of Travel and Objectives

The Global Energy Show (GES) is inclusive to all energy systems, including oil, hydrogen, wind, solar, petrochemicals, gas and liquified natural gas, electrification and nuclear. At this year's event, GES commitments included delegations and pavilions from China, India, Nigeria, Ghana, United States and South Korea.

The objective of this year's attendance at the GES was to promote Saskatchewan's leadership in the carbon capture, utilization and storage, critical mineral resource development and investment opportunities tied to these activities, including carbon dioxide for enhanced oil recovery and Saskatchewan's unique incentive programs.

Travel Activity:

While in Calgary attending the GES, Premier Moe and Minister Reiter attended meetings with:

- North American Helium
- Roundtable meeting with EPAC and EPAC member companies
- Canada West Foundation
- Verra
- Czech Minister of Energy
- Crescent Point
- CNRL
- Whitecap
- Enbridge

Premier also met with Alberta Premier Danielle Smith.

Premier Moe participated in a fireside chat at the Global Energy Show Strategic Conference where he discussed energy policy and trade and investment opportunities in Saskatchewan's natural resource sector.

Premier also had the opportunity to speak with media, including a live interview with BNN Bloomberg.
