Students may be eligible if they graduated from grade 12 in Saskatchewan (including equivalency certificates such as ABE) within the last 10 years and are enrolled at a Saskatchewan post-secondary institution.

Did you know?

- A loan is funding you must pay back.
- A grant is assistance that you do not need to pay back. If you withdraw from school, some or all of the grant funding you receive may convert to a loan.
- You are automatically assessed to receive the Saskatchewan Advantage Scholarship when you apply for Saskatchewan Student Aid.
- In addition to helping with the costs of tuition, student aid can be used for living expenses like rent, food, transportation and child care.
- You may be eligible for the Repayment Assistance Program if you have difficulty repaying your student loan after your studies.
- Saskatchewan Student Loans are interest-free while in school. You don't have to start repaying your loans until six months after completing your studies.

Request Grants-Only Funding

When you apply for Saskatchewan Student Aid, you are assessed for loans and grants. You can choose to decline the loans and receive only grants, which do not need to be paid back!
