

Strychnine Stewardship Program

Rural municipality (RM) offices located in the eligible strychnine Emergency Use Registration area have been contacted to determine whether they would like to choose to distribute strychnine. It is the RM office's choice to distribute strychnine.

An office may choose to arrange with another RM office located in the eligible area to distribute on their behalf. If this arrangement is made, the Saskatchewan Ministry of Agriculture must be informed.

RMs included in the table below have submitted an expression of interest to participate in Saskatchewan's Strychnine Stewardship Program and be a distributor of strychnine. Potential users of strychnine who have completed [mandatory online training](#) will be eligible to purchase strychnine from their primary RM office when supplies are available.

Please note that this is not the final list of RMs that have provided an expression of interest to distribute strychnine.

The list will be updated regularly as the ministry receives additional expressions of interest. The table below outlines RMs that have confirmed that they would like to distribute strychnine. Please check back regularly for updated and expanded lists.

For more on the Strychnine Stewardship Program, training and eligibility, see [Saskatchewan.ca/RGS-Control](https://saskatchewan.ca/RGS-Control).

List of Rural Municipalities (RMs) that Have Submitted an Expression of Interest to Distribute Strychnine as of June 22, 2026

***RMs with an asterisk are not distributing strychnine from their office, but the RM has made an agreement with the RM noted in brackets to distribute strychnine on their behalf. Users who have identified an RM with an asterisk as their primary RM must instead purchase their strychnine supply from the RM noted in brackets.**
