
MUNICIPAL FINANCING CORPORATION OF SASKATCHEWAN

2025 ANNUAL REPORT

LETTER OF TRANSMITTAL

Regina, Saskatchewan
March 24, 2026

Her Honour the Honourable Bernadette McIntyre, S.O.M.,
Lieutenant Governor of the Province of Saskatchewan

Your Honour:

I have the honour to submit herewith the Annual Report of the Municipal Financing Corporation of Saskatchewan for the year ended December 31, 2025, in accordance with **The Municipal Financing Corporation Act**. The financial statements included in this Annual Report are in the form approved by the Treasury Board and have been reported on by the Corporation's auditors.

Yours sincerely,

Jim Reiter
Deputy Premier and Minister of Finance
And Minister Responsible
Municipal Financing Corporation of Saskatchewan

MUNICIPAL FINANCING CORPORATION OF SASKATCHEWAN

BOARD OF DIRECTORS

Honourable Jim Reiter
Chairperson

Honourable Eric Schmalz

OFFICERS

Rod Balkwill

MUNICIPAL FINANCING CORPORATION OF SASKATCHEWAN

HISTORY AND CURRENT HIGHLIGHTS – 2025

The Municipal Financing Corporation of Saskatchewan (the Corporation) was established to assist in making capital funds available for the financing of school, hospital and other essential construction and local improvement projects in cities, towns, villages and rural areas throughout the Province. The Corporation may borrow directly from private lending institutions or through the Ministry of Finance. The Corporation uses the funds borrowed to purchase a portion of the approved debentures sold each year by Saskatchewan local governments.

The Corporation participated in the financing of 19 projects by purchasing \$19.9 million of debentures. Most of the financing involved sewer and water projects, land and building acquisition or construction, and projects involving the construction and maintenance of roads.

The Corporation's debenture holdings at December 31, 2025 totalled \$342.4 million, down by \$9.2 million from the total at December 31, 2024.

The Corporation recorded a comprehensive income of \$0.2 million in 2025, which is \$0.6 million lower than the comprehensive income of \$0.8 million recorded in 2024.

The decrease from 2024 is primarily attributable to interest costs exceeding expectations and a reduction in the market value of debt retirement assets.

For 2026, the Corporation anticipates comparable results, as its debenture portfolio is expected to remain generally consistent with 2025 levels.

The Municipal Financing Corporation of Saskatchewan is administered by a Board of Directors through the use of staff and facilities provided by the Ministry of Finance. The Corporation incurred around \$50,000 of administrative expenses in 2025. These expenses were primarily for the reimbursement of the costs to the Ministry of Finance of providing administrative services. The Directors of the Municipal Financing Corporation of Saskatchewan do not receive fees and, with the exception of interest paid on borrowed funds, the Corporation had no other expenses in the current year.

A table of lending activity for the current and previous year is presented on page 4.

MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL STATEMENTS

Management has prepared the financial statements of the Municipal Financing Corporation of Saskatchewan in accordance with International Financial Reporting Standards on a basis consistent with that of the previous year. Management is responsible for the reliability and integrity of the financial statements and all other information contained in this Annual Report.

Management has the primary responsibility for the integrity and objectivity of the financial statements. To fulfill this responsibility, management maintains appropriate systems of internal controls, policies and procedures to provide reasonable assurance that assets are safeguarded and that the books and records reflect the authorized transactions of the Corporation.

Dudley & Company LLP Chartered Professional Accountants, the Corporation's external auditors, have reviewed the systems of internal control and audited the financial statements in accordance with Canadian generally accepted auditing standards to enable them to express their opinion on the financial statements. Their report appears on the following page.

The financial statements have been examined and approved by the Board of Directors.

Rod Balkwill
General Manager

Shanna Hoffman
Treasurer

March 24, 2026

INDEPENDENT AUDITORS' REPORT

To the Members of the Legislative Assembly, Province of Saskatchewan

Opinion

We have audited the financial statements of the MUNICIPAL FINANCING CORPORATION OF SASKATCHEWAN (the Corporation), which comprise the statement of financial position as at December 31, 2025, and the statements of comprehensive income, changes in equity, and cash flows for the year ended December 31, 2025 and notes to the financial statements, comprising a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Corporation as at December 31, 2025 and the results of its financial performance and its cash flows for the year ended December 31, 2025 in accordance with International Financial Reporting Standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Corporation in accordance with the ethical requirements that are relevant to our audits of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with those requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for the other information. The other information comprises the information included in the 2025 Annual Report but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or any knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed on this other information, we conclude that there is a material misstatement of this other information, we are required to report that fact in this auditors' report. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Corporation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Corporation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Corporation's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Corporation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Corporation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

A handwritten signature in blue ink, appearing to read "Dudley & Company", is written over a horizontal line.

MUNICIPAL FINANCING CORPORATION OF SASKATCHEWAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025

1. Status of the Corporation

The Municipal Financing Corporation of Saskatchewan is a Canadian company that was established in 1969 pursuant to the provisions of **The Municipal Financing Corporation Act**. The Corporation's objective is to assist municipalities in financing their capital requirements.

The Corporation is a Crown corporation of the Government of Saskatchewan and is therefore not subject to Federal or Provincial income tax but is subject to Provincial corporation capital tax.

The Corporation is administered by the Ministry of Finance at 2350 Albert Street, Regina, Saskatchewan.

2. Significant Accounting Policies

Statement of Compliance

These financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) and interpretations as published in the CPA Canada Handbook – Accounting effective as of December 31, 2025.

These financial statements were authorized for issue by the Board of Directors on March 24, 2026.

Basis of Measurement

These financial statements are presented in Canadian dollars and have been prepared on a historical cost basis.

Summary of Significant Accounting Policies

Interest Revenue and Expense

Interest revenue and expense for all investments in municipal debentures and debt is calculated using the effective interest method. This method uses a rate that discounts estimated future cash flows over the expected life of a financial asset or liability to the net carrying amount of the financial asset or liability. When calculating the effective interest rate, the Corporation estimates future cash flows by considering all contractual terms of the financial instrument other than potential future credit losses.

MUNICIPAL FINANCING CORPORATION OF SASKATCHEWAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025

Financial Instruments

Financial instruments are classified into one of the following categories: fair value through profit or loss, fair value through other comprehensive income and amortized cost.

All financial instruments are measured at fair value on initial recognition. Transaction costs are included in the initial carrying amount of financial instruments, except for financial assets and financial liabilities at fair value through profit or loss, in which case the transaction costs are expensed as incurred. Measurement in subsequent periods depends on the classification of the financial instrument.

i. Fair value through profit or loss

The corporation has no financial assets or liabilities classified at fair value through profit or loss. Financial assets and financial liabilities would be classified as at fair value through profit or loss if they are held for trading or designated as such upon initial recognition.

ii. Fair value through other comprehensive income

Debt retirement funds are classified at fair value through other comprehensive income. Debt retirement funds represent investments that the Corporation intends to hold for the long term for strategic purposes.

iii. Amortized cost

Due from the General Revenue Fund, interest receivable, investments in municipal debentures, interest payable, accrued liabilities and both short and long-term debt are classified at amortized cost. The amortized cost category consists of financial assets with fixed or determinable payments that are not quoted in an active market. These financial assets are accounted for at amortized cost using the effective interest method.

New Accounting Standards Not Yet Adopted

The Corporation has no unadopted accounting standards that would materially affect its financial statements.

3. Due from General Revenue Fund

The Corporation's bank account is included in the Consolidated Offset Bank Concentration arrangement for the Government of Saskatchewan.

The Corporation's earned interest is calculated and paid quarterly by the General Revenue Fund to the Corporation using the General Revenue Fund's thirty-day borrowing rate and the Corporation's average daily bank account balance. The General Revenue Fund's average thirty-day borrowing rate for 2025 was 2.69% (2024 – 4.56%).

MUNICIPAL FINANCING CORPORATION OF SASKATCHEWAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025

4. Debt Retirement Funds

Under conditions attached to certain advances from the Government of Saskatchewan's General Revenue Fund, for debt issued with terms of 10 years or greater, the Corporation is required to pay annually into debt retirement funds administered by the Government of Saskatchewan Ministry of Finance, amounts at least equal to 1% of certain debt outstanding. As at December 31, 2025 scheduled debt retirement fund installments for the next five years are as follows:

(in thousands of Canadian dollars)	2026	2027	2028	2029	2030
Debt retirement fund annual contribution	\$ 3,122	\$ 3,019	\$ 2,997	\$ 2,997	\$ 2,797

A reconciliation between the opening and closing debt retirement funds balance is provided below:

(in thousands of Canadian dollars)	Dec. 31 2025	Dec. 31 2024
Debt retirement funds, beginning of year	\$ 21,280	\$ 19,772
Debt retirement fund instalments	3,002	2,902
Debt retirement fund earnings	811	663
	\$ 25,093	\$ 23,337
Debt retirement fund redemptions	-	(2,131)
Debt retirement fund market value gains (losses)	(372)	74
Debt retirement funds, end of year	\$ 24,721	\$ 21,280

\$2.7 million (2024 - \$nil) of the Corporation's debt retirement funds pertain to debt that matures within twelve months.

5. Investments in Municipal Debentures

The Corporation invests in fixed rate debentures issued by cities, towns, villages, rural municipalities and school divisions throughout the Province of Saskatchewan. Debentures purchased by the Corporation must be approved by the Saskatchewan Municipal Board, where applicable.

MUNICIPAL FINANCING CORPORATION OF SASKATCHEWAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025

The Corporation has an investment in 209 (December 31, 2024 – 206) debentures issued by 132 (December 31, 2024 – 128) issuers with a weighted average yield of 3.76% (December 31, 2024 – 3.72%) and maturity dates ranging from 2026 through 2058.

The carrying amount invested by issuer category is as follows:

	Dec. 31 2025	Dec. 31 2024
	(thousands of Canadian dollars)	
Cities	\$ 186,107	\$ 196,900
Rural Municipalities	69,349	70,652
Towns	59,071	57,023
Health Authority	12,692	13,355
Villages	14,542	12,403
School Divisions	623	1,216
	<u>\$ 342,384</u>	<u>\$ 351,549</u>

Investments in municipal debentures maturing in the next five years are as follows:

(in thousands of Canadian dollars)	2026	2027	2028	2029	2030
	\$ 29,351	\$ 26,386	\$ 24,987	\$ 24,270	\$ 20,244

The fair value of these debentures is \$344.1 million (December 31, 2024 - \$353.7 million). This fair value is determined by discounting the debentures' future cash flows using investment rates presently available to the Corporation for investments with similar terms and remaining maturity. Prepayment rates and credit losses are assumed to be zero, based on the past experience of the Corporation. A one per cent change in the investment rates noted above would change the fair value of these debentures by approximately \$24.0 million. The Corporation measures its investments in municipal debentures at amortized cost using the effective interest method, so changes in the fair value of these securities have no immediate effect on net earnings.

The Corporation's policy is to permit borrowers to redeem debentures prior to maturity. The redemption price of debentures is set at the higher of the fair market value of the debenture and the remaining principal balance owing. During 2025, \$1.7 million of debentures were redeemed prior to maturity (2024 - \$nil).

At December 31, 2025, the Corporation had committed to purchase \$0.9 million (2024 - \$2.3 million) of debentures in the subsequent fiscal year.

MUNICIPAL FINANCING CORPORATION OF SASKATCHEWAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025

6. Debt

	Dec. 31, 2025		Dec. 31, 2024	
	Principal	Average Interest Rate	Principal	Average Interest Rate
	Outstanding		Outstanding	
(thousands of Canadian dollars)				
Amounts due in:				
1-5 years	\$ 68,530	3.64%	\$ 62,530	3.16%
6-10 years	138,900	3.72%	149,900	3.52%
11-15 years	14,074	3.14%	3,900	4.11%
16-20 years	112,705	3.95%	122,879	3.85%
More than 20 years	20,000	2.80%	20,000	2.80%
	<u>\$ 354,209</u>		<u>\$ 359,209</u>	
Discounts and premiums	(6,408)		(6,263)	
Long-term debt	<u>\$ 347,801</u>	3.70%	<u>\$ 352,946</u>	3.54%

The fair value of long-term debt is \$341.0 million (December 31, 2024 - \$348.7 million). This amount is determined by discounting future cash flows using borrowing rates presently available to the Corporation for debt with similar terms and remaining maturity. A one per cent change in the borrowing rates noted above would change the fair value of debt by approximately \$28.7 million. The Corporation measures its debt at amortized cost using the effective interest method, so changes in the fair value of debt have no immediate effect on net earnings.

Short-term debt of \$3.9 million (2024 - \$4.5 million) is a line of credit issued from the GRF. Book value of short-term debt approximates its fair value.

a) operating line of credit

The Corporation is authorized to borrow up to \$200.0 million on a short-term basis from the GRF.

b) principal repayments

Principal repayments for the next five years are as follows:

(in thousands of Canadian dollars)	2026	2027	2028	2029	2030
	\$ 13,330	\$ 2,200	\$ -	\$ 27,000	\$ 26,000

MUNICIPAL FINANCING CORPORATION OF SASKATCHEWAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025

7. Related Party Transactions

The Corporation is controlled by the Government of Saskatchewan.

These financial statements include the results of transactions with various Saskatchewan Crown corporations, ministries, agencies, boards and commissions related to the Corporation by virtue of common control by the Government of Saskatchewan. Significant outstanding balances and transactions are as follows:

		2025	2024
		(thousands of Canadian dollars)	
Balances			
Due from General Revenue Fund	\$	717	\$ 413
Interest receivable		255	284
Debt retirement funds		24,721	21,280
Investments in municipal debentures		13,315	14,571
Interest payable and accrued liabilities		1,633	1,641
Short-term debt		3,900	4,500
Long-term debt		347,801	352,946
Transactions			
Investment income - municipal debentures		647	644
Investment income - debt retirement funds		811	663
Investment income - GRF		133	174
Interest on debt		13,100	12,578
Administration		40	40

MUNICIPAL FINANCING CORPORATION OF SASKATCHEWAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025

8. Financial Instruments

Management of Financial Risks

The activities of the Corporation result in exposure to three types of risk:

i) Interest Rate Risk

Interest rate risk is the risk that the value of the Corporation's assets and liabilities will fluctuate due to changes in market interest rates. This risk exists because the maturity dates of the Corporation's assets and liabilities are not precisely matched:

Year of Maturity	Financial Assets	Financial Liabilities	Difference 2025	Difference 2024
(thousands of Canadian dollars)				
2026	38,655	18,876	19,779	7,612
2 - 5 years	97,451	55,743	41,708	59,638
Thereafter	237,558	278,728	(41,170)	(47,132)
	<u>\$ 373,664</u>	<u>\$ 353,347</u>	<u>\$ 20,317</u>	<u>\$ 20,118</u>

The Corporation manages this risk by matching the maturity dates of material assets and liabilities to the extent possible.

ii) Liquidity Risk

Liquidity risk is the risk that financial obligations will not be met over the short term due to lack of access to capital. This risk is managed by distributing debt maturities over many years, maintaining debt retirement funds on long-term debt issues and maintaining adequate cash reserves and a \$200 million short-term line of credit with the General Revenue Fund.

A maturity analysis of financial liabilities is as follows:

(thousands of Canadian dollars)	Contractual Maturities				
	Carrying Amount	Less than 1 Year	1-2 years	3-5 Years	More Than 5 Years
Interest payable and accrued liabilities	\$ 1,646	\$ 1,646	\$ -	\$ -	\$ -
Short-term debt	3,900	3,900	-	-	-
Long-term debt	347,801	13,330	2,200	53,543	278,728
	<u>\$ 353,347</u>	<u>\$ 18,876</u>	<u>\$ 2,200</u>	<u>\$ 53,543</u>	<u>\$ 278,728</u>

MUNICIPAL FINANCING CORPORATION OF SASKATCHEWAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025

iii) Credit Risk

Credit risk is the risk that the Corporation will not receive payment in full for its investments in municipal debentures or its debt retirement funds.

For municipal debentures, this risk is managed by legislative restrictions on the amounts that can be borrowed by local governments and scrutiny of all proposed transactions. Few of the Corporation's municipal debentures have a credit rating, however all are considered secure. At December 31, 2025, the Corporation had a maximum exposure of \$342.4 million (2024 - \$351.5 million) on its investments in municipal debentures.

For debt retirement funds, this risk is managed by holding a diversified portfolio of investment grade fixed income securities and amounts due from the General Revenue Fund. The investment guidelines applicable to the debt retirement funds prohibit the acquisition of non-investment grade securities. At December 31, 2025, the Corporation had no exposure on its debt retirement funds of \$24.7 million (2024 - \$21.3 million).

The Corporation has never experienced a credit-related loss.

Fair Value Information Regarding Financial Instruments

Fair value is the amount of consideration that would be agreed upon in an arm's length transaction between knowledgeable, willing parties who are under no compulsion to act. The Corporation has classified the fair valuation of its financial instruments as level 1, 2 or 3 as defined below.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

MUNICIPAL FINANCING CORPORATION OF SASKATCHEWAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025

(thousands of Canadian dollars)	Classification	Fair Value Hierarchy	Dec. 31, 2025		Dec. 31, 2024	
			Carrying Amount	Fair Value	Carrying Amount	Fair Value
FINANCIAL ASSETS						
Due from General Revenue Fund	AC	n/a	\$ 717	\$ 717	\$ 413	\$ 413
Interest receivable	AC	n/a	5,842	5,842	5,973	5,973
Debt retirement funds	FVOCI	Level 2	24,721	24,721	21,280	21,280
Investments in municipal debentures	AC	Level 2	342,384	344,097	351,549	353,746
FINANCIAL LIABILITIES						
Interest payable and accrued liabilities	AC	n/a	1,646	1,646	1,651	1,651
Short-term debt	AC	Level 2	3,900	3,900	4,500	4,500
Long-term debt	AC	Level 2	347,801	340,986	352,946	348,721

Classification details: AC - amortized cost, FVOCI - fair value through other comprehensive income, OL - other liabilities
 Not Applicable (n/a) financial instruments, including Due from General Revenue Fund, Interest receivable and Interest payable and accrued liabilities, are carried at values which approximate their fair value.

The fair value of debt retirement funds is determined by Saskatchewan's Ministry of Finance using a market approach with information provided by investment dealers. To the extent possible, valuations reflect indicative secondary pricing for these securities. In all other circumstances, valuations are determined with reference to similar actively traded instruments.

The fair value of investments in municipal debentures and debt are determined for disclosure purposes only using an income approach. Fair values are estimated using the present value of future cash flows discounted at the market rate of interest for the equivalent Province of Saskatchewan debt instruments.

Other Information Regarding Financial Instruments

The effective interest rates on the Corporation's interest-bearing financial instruments are as follows:

	Dec. 31 2025	Dec. 31 2024
Investments in municipal debentures	3.76%	3.72%
Interest bearing liabilities	3.69%	3.53%

The Corporation had no impaired financial instruments, so no interest income or losses were incurred from such assets.

MUNICIPAL FINANCING CORPORATION OF SASKATCHEWAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025

9. Capital Management

The Corporation defines its capital as its reinvested earnings and its short and long-term debt payable.

The Corporation strives to ensure that the interest rate on its investment in municipal debentures exceeds the effective interest rate on its long-term debt. The Corporation also attempts to match the payments required to service its long-term debt to the cash flows expected from its investments.

The Corporation is not subject to any external or statutory capital requirements.

The points noted above have not changed from the previous fiscal year.

Information on the specific management of financial risks is included in Note 8.
