

Part I – Application Information

Company:

Contact Person:

Telephone Number:

Email Address:

BA ID:

Part II – Project Information

Desired DSDA Operator:

Existing Project Title:

Mineral Commodity Type:

Targeted Stratigraphic Horizon(s):

Part III – Mineral Parcel and Title Information of Uncontrolled Interest

Legal Land Description (Attach Land Schedule if Numerous Locations Selected)	Mineral Parcel Number	Mineral Title or Uncertified Mineral Title Number	Production Allocation

Are the above parcels part of a larger unitized area?

Yes No N/A

Part IV – Application Assessment Information

Please indicate below if you are applying for a DSDA in accordance with Section 3.2 or Section 3.4 of The Mineral Resources Act, 1985 by selecting and completing the requisite information in either SECTION (A) or SECTION (B) of this application.

Applicants must provide a statement for each assessment criterion explaining how it meets the applicable requirement.

When submitting supporting documents, please indicate the corresponding number for coordination purposes. For example, save any evidence of geological suitability as '(A)1', or that five years have elapsed since the first search as '(B)1', etc.

SECTION (A): DSDA Applications through Order in Council – Section 3.2 of *The Mineral Resources Act, 1985*:

1) Evidence of Geological Suitability, which may include:

- NI 43-101 technical report or an equivalent international report;
- Geological potential map;
- Indication that the requested DSDA is part of an existing development project; and/or

Other:

2) Reasonable Efforts Made to Locate/Confirm Affected Person, which may include:

- Attempts to contact known family members, estate representatives, and acquaintances of affected persons;
- Copies of the last will and testament of last known owner;
- Detailed notes of the steps taken and the results of trying to find and confirm ownership;
- Publicly available information concerning the affected persons whereabouts;
- Information collected from private investigators; and/or

Other:

3) Efforts made to Obtain Voluntary Agreements or Consent with Respect to the Right to Explore, Develop, and Produce Minerals:

- Reports of negotiations and compensation offers given to affected persons;
- Methods, timeline, and frequency of discussions and negotiations with affected persons;
- List of reasons why affected persons refused compensation offers and mineral development agreements; and/or

Other:

4) Evidence of Adequate Control with Respect to Mineral Development:

- Demonstrates a pre-existing stake in the area;
- Displays the applicant's secured rights in the desired project area; and

Other:

5) Explanation how a DSDA will Facilitate Orderly Operations, Prevent Waste and Maximize Mineral Recovery:

6) *Optional* – Supplemental information to support a decision for a DSDA:

- The applicant has submitted relevant supplemental information that could support ER's review and decision for a DSDA that has not been explicitly indicated above.

SECTION (B) – DSDA Application through Minister's Order – Section 3.4 of *The Mineral Resources Act, 1985*:

1) Evidence that five years have elapsed since the applicant commenced a search for the registered owner of the mineral titles or uncertified mineral titles that are proposed to be included in a DSDA

2) Reasonable Efforts Made to Locate/Confirm Affected Person, which may include:

- Attempts to contact known family members, estate representatives, and acquaintances of affected persons;
- Copies of the last will and testament of last known owner;

Detailed notes of the steps taken and the results of trying to find and confirm ownership;

Publicly available information concerning the affected persons whereabouts; and/or

Other:

- 3) By signing this application, I declare I have no reason to believe that any person has or is making a verified claim, either as owner or beneficiary, on the mineral titles or uncertified mineral titles requested for inclusion in the DSDA.

Part V – Application Submission

This application and the required attachments must be submitted to: mineralland@gov.sk.ca

Part VI – Declaration

By signing below, I hereby certify that the application form and the attached supporting documentation is complete and accurate. If the application is found to be incomplete or inaccurate, I acknowledge that the Ministry of Energy and Resources will discard the application after notifying me of the deficiencies and that I will be required to submit a new application.
