

The Roy Romanow Provincial Laboratory (RRPL) Compendium of Tests provides updated information on specimen collection and transport. Please refer to the RRPL Compendium for more details at <https://rrpl-testviewer.ehealthsask.ca/>

Revisions

Date	Change
August 23, 2023	Removed table with outdated details for transport media for Chlamydia trachomatis, Neisseria gonorrhoeae, Lymphogranuloma Venereum (LGV), Herpes Simplex Virus and replaced with link to RRPL Compendium. This attachment will be archived once associated chapters are reviewed and links removed.
