Module ONE: Overview

Learning Objectives

Upon completion, learners will have an understanding of:

- The advantages of Customer Portal.
- Who uses Customer Portal?
- How to enter and submit claims in **Real Time**.

Medical Services Branch

Claims Replacement Project

Overview of Customer Portal

Customer Portal (CP) is a web-based application, used by physicians, dentists, optometrists, health care providers and internal Medical Services teams to submit medical claims (at a later time hospital claims will also be submitted) to Saskatchewan Health (MSB) for payment of services provided. All users will have authorization to submit patient claims to Saskatchewan Health for compensation.

Customer Portal is a 'pass through' application for claims. Meaning it does not store claim information in a database of its own. Rather, it transfers (sends) claim files through a secured portal to the Claims Processing System (CPS) (behind firewall).

Benefits of Customer Portal

The benefits of Customer Portal are numerous, and users will identify many more as they begin to use the application. Some of the top benefits are:

1. Submit claims in **Real-Time**.
2. Submit a query submission on individual claims.
3. Ability to access payment schedules, newsletters, and forms on the portal's home page.

Module TWO – Getting Started

Getting Started

Several authorized users will access Customer Portal over the Internet. To ensure only authorized users gain access to Customer Portal, eHealth Saskatchewan requires Multi-Factor Authentication (MFA).

Medical Services Branch

Claims Replacement Project

Logging In

Once fully registered in the Physician Registry (this includes having your direct email address registered with your profile), a welcome email and password reset email will be sent to you. Follow the prompts to reset your password to login to Customer Portal. Your userid will be your registered email address. The password you personally set must conform to eHealth Saskatchewan password complexity policy to be accepted.

Multi-Factor Authentication (MFA)

Logging into Customer Portal for the first time will also trigger the Multi-Factor Authentication (MFA) process.

Refer to the **Multi-Factor Authentication (MFA) User Manual** to set up the MFA.

Module THREE – Navigating Customer Portal

All users of Customer Portal will have a similar experience when logging into the application. The application features and functionality have a comparable look and feel regardless of the user's profile, except for the Payment Schedules. The Payment Schedules match the user's role and profession, meaning a medical physician will see the Medical Payment Schedule, an Optometrist will see the Optometry Payment Schedule and a Dentist will see the Dental Payment Schedule.

Medical Services Branch

Claims Replacement Project

Explore the module to learn about the **Home Page** also referred to as the **Landing Page**.

Top Menu Bar

The top menu bar in Customer Portal provides four main options:

Area		Description
1	Navigation Menu	Clicking on the three lines minimizes the side Navigation menu.
2	Date	Displays today's date.
3	Help Menu	Access the MSB Directory and contact information.
4	User Profile	Displays the users' userid (email address) and the logout feature.

Home Page

The **Home Page** or **Landing Page** is the first screen that appears when logging into Customer Portal. It serves as a gateway to the application's features and functionality.

Area	Description
1	Navigation Menu A list of areas in Customer Portal the user can access, explore, and navigate to other areas of the application.
2	Message Board The Message Board hosts important information and updates. This section will be continually updated with current news and messages.
3	Vendor Files Commonly used Vendor Files, such as the Service Code Catalogue, MSB Diagnostic Codes and Explanatory Codes are located here for easy access.
4	Newsletter and Bulletin The most recent Newsletters and Bulletins are posted for reference, along with archived versions of each.
5	Payment Schedules The three most recent Payment Schedules, along with access to archived Payment Schedules are located here for easy access. A medical physician will see the Medical Payment Schedule, an Optometrist will see the Optometry Payment Schedule and a Dentist will see the Dental Payment Schedule.
6	Forms The most frequently used forms are located here. Click once to open the form, complete the fillable pdf, then save/or print as needed.

Navigation Menu

The side Navigation Menu is a list of actions that can be performed within Customer Portal

Each option will be elaborated on in the following modules.

	Area	Description
1	Home	Clicking on Home takes the user back to the Home Page.
2	Submit Claims	User enters in claim details and submits the claim in Real Time.
3	Query Claims	Users can search for submitted claims with the option of adding additional information or recovering an already submitted claim.
4	Contact Us	Provides several options for contacting Medical Services.

Module FOUR – Optometrists Submitting Real-Time Claims

Medical Services Branch

Claims Replacement Project

What is Real-Time Submission?

Real-Time submission refers to the process of submitting claim information through an online system (Customer Portal). When a claim is submitted in real-time, it means the data is transmitted and received immediately by the Claims Processing System (CPS), allowing for quick processing and adjudication of the claim.

Submissions for Optometrists

Your profile will be set to match your credentials so that when you click on **Submit Claim**, your professional information is pre-loaded.

All fields marked with a **red asterisk *** are mandatory fields. Your claim cannot be submitted if a mandatory field(s) is left blank. Other fields are optional; however, it is highly recommended to enter as much information as possible. The level of detail provided directly correlates with the accuracy of the adjudication process for your claim.

1. Click on **Submit Claims**.

- Several fields will be pre-populated based on your profile. These fields will have a grey background and cannot be adjusted or changed. Review these fields to ensure the information is accurate. The **Corporation ID** will be an open field ONLY if you are incorporated.

Service Provider

Medical Provider's Details

Provider Province * Billing No * Last Name First Name Clinic No * Mode * Corporation ID

SK [Greyed Out] [Greyed Out] 807 6 Corporation ID

Clinic Name Address City Province Postal Code

[Greyed Out] Optometry [Greyed Out] Park Drive REGINA SK S4V 0Y8

- Your **Clinic No** and **Mode** will automatically populate. If you submit claims for different clinics, alternate options are available in the drop-down menus.

If additional line(s) are required for the claim details, click on the  to add a new line. Then follow the above steps to enter the appropriate information.

Add as many additional lines as needed. If a line is added in error, click the  at the end of the line to remove it.

20. Complete the appropriate fields **if** the claim for the patient meets this criterion. An example may be:

- If this service is within time limits please indicate the reason for the exams:
- The patient was referred by a physician or public health nurse. Please fill in referring provider name field. If they have an MSB billing number, fill in the referring provider # field.
- Visual changes associated with a refractive error of .5D for sphere or cylinder or an axis change of 10° or more (per eye). Please indicate Previous and Current Rx below.

Rx Previous Date	Right	Left	
2022-08-01	0.50, 170X10	0.50, 180x30	☐ Same as Right
Rx Current Date	Right	Left	
2023-06-01	0.75, 180x20	0.75, 190x40	☐ Same as Right

21. In some cases, additional **Provider Remarks** are required and can be entered into the **Other Remarks** field. This is an open forum to type. Be as detailed as possible. There is a maximum of 770 characters. This field is optional.

Other Remarks

Add in additional details and supporting information for the claim adjudication.

Maximum Characters : 770 , Current Characters Count: 80

22. If a detailed report of supporting documentation is required, the document can be attached to the claim in Customer Portal. The file format can be in pdf, word, excel, jpeg, png.

OK

Module SIX – Query Claims

Query Claims

From time to time, additional information needs to be added to a claim or a claim needs to be drawn back after it is submitted. This can be done through a **query**.

There are two types of queries:

- Claim Query
- Supplementary Claim Information

Claim Query

A **Claim Query** is used when a claim must be recovered. Typically, this occurs when incorrect information was entered on the original claim. When a recovery is requested through the **Claim Query** one of two things happens:

- The claim is **Rejected** with an **Explanatory Code of BP**. The rejected line item is returned so updates can be made. Once updated, it can be re-submitted for adjudication.
- The claim is **Pended** for a manual review by MSB. After review, the claim will either be **Paid** or **Rejected** with an **Explanatory Code**.

The categories to select from for a **Claim Query** are:

Claim Query Categories	Result
Physician Requested Recovery – Incorrect Patient	Rejected = Explan Code of BP
Physician Requested Recovery – Incorrect Physician	Rejected = Explan Code of BP
Physician Requested Recovery – Incorrect Date of Service	Rejected = Explan Code of BP
Physician Requested Recovery – Incorrect Service Code	Rejected = Explan Code of BP
Physician Requested Recovery – Incorrect Billed in error	Rejected = Explan Code of BP
Physician Requested Recovery – Incorrect WCB paid claim	Rejected = Explan Code of BP
Physician Requested Recovery – Others (provide comment	Pended for Manual Review

Medical Services Branch

Claims Replacement Project

Supplementary Claim Information

Supplementary Claim Information is typically used when supporting documentation must be added to the claim, or a special request, like time extension or Medical Consultant Review, is required. All claims queried with **Supplementary Claim Information** are reviewed by MSB. After reviewing the claim, it will either be **Paid** or **Rejected** with an **Explanatory Code**.

The categories to select from for **Supplementary Claim Information** are:

Supplementary Claim Information Categories	
Explan Code AU – Consultation Notes/Report/Letter	Reviewed by MSB
Explan Code AU – Operative Record and Operative Notes with Anesthetic and Surgical Start and Stop Times	Reviewed by MSB
Explan Code AU – Descriptive Letter	Reviewed by MSB
Ex. Code AU – Office Visit Medical Record and Notes with Start and Stop Times for Time Based Codes	Reviewed by MSB
Ex. Code AU – In Hospital Visit Medical Record and Notes with Start and Stop Times for Time Based Codes	Reviewed by MSB
Ex. Code AU – Emergency Visit Medical Notes with Nursing Bedside Notes with Start and Stop Times for Time Based Codes	Reviewed by MSB
Explan Code AZ – Current and Previous Procedure Operative Record and Report	Reviewed by MSB
Explan Code RA – RZ (Routine Audit and Recovery)	Reviewed by MSB
Request for extension of time limit (Explan code CM – CN)	Reviewed by MSB
Request for general reassessment (Claims Supervisor)	Reviewed by MSB
Request for Medical Consultant review	Reviewed by MSB
Request for Medical Assessment Board review	Reviewed by MSB

Query Claims

To query a claim certain claim criteria must be entered. All mandatory fields must be entered to perform the query. However, additional search fields can also be entered. The more specific the search criteria, the more defined the results.

Query Claims									
External Claim No	Province	Health Card No	Billing No *	Group Id	Clinic No	Mode	From Date *	To Date *	
External Claim No	SK	Health Card No	8481	Group Id	Clinic No	Mode	01-06-2023	07-06-2023	

The mandatory fields are:

- **Billing No** (Auto-populated based on your login profile. If set to bill for more than one billing number, select the appropriate number from the drop-down list.)
- **Submission From Date**
- **Submission To Date**

Submission From Date

From Date *

From Date

To Date *

To Date

The **From Date** and **To Date** must be the **Submission Date** of the claim. In other words, the dates entered for the query must be the date the claim was submitted to MSB not the service date.

1. Click on **Query Claims**.

- Enter the three mandatory fields of **Billing No** (auto populated or selected from the drop-down list), **From Date** and To Date. Date format is DD-MM-YYYY. The calendar icons can also be clicked on to select the date. **NOTE:** The date range can only be seven days.

How to Run a Claim Query

When drawing back a claim due to an error on the initial submission, use the **Claim Query** option.

1. Select **Claim Query**.

The screenshot shows a form titled "Submit Query and Attachments" with a green header bar. Below the header, there are two dropdown menus. The first dropdown, labeled "Type *", has "Claim Query" selected and is highlighted with a red border. The second dropdown, labeled "Description *", is currently empty and shows "Description" as the placeholder text. At the bottom right of the form, there are two buttons: "Cancel" and "Submit".

2. Select the correct **Description**.

The screenshot shows the same "Submit Query and Attachments" form. The "Type *" dropdown is still set to "Claim Query". The "Description *" dropdown menu is now open, displaying a list of options. The options are: "Description", "Physician Requested Recovery - Incorrect Patient", "Physician Requested Recovery - Incorrect Physician", "Physician Requested Recovery - Incorrect Date of Service", "Physician Requested Recovery - Incorrect Service Code", "Physician Requested Recovery - Billed in error", "Physician Requested Recovery - WCB paid claim", and "Physician Requested Recovery - Others (provide comments)". The entire dropdown menu is highlighted with a red border.

3. If **Physician Requested Recovery – Others** is selected, enter in a detailed comment explaining the reason for the recovery. For all other selections, move to step 4.

The screenshot shows the "Submit Query and Attachments" form. The "Type *" dropdown is still "Claim Query". The "Description *" dropdown is now set to "Physician Requested Recovery - Others (provide comments)" and is highlighted with a red border. Below the dropdown, there is a text area labeled "Comments" which contains the text "Physician Requested Recovery - Others (provide comments)". This text area is also highlighted with a red border. At the bottom right, the "Cancel" and "Submit" buttons are visible.

4. Click **Submit**.
5. Review the submitted Query message, then click **Cancel**.

How to Run a Supplementary Claim Information Query

When additional documentation and/or comments are required on a claim, use the **Supplementary Claim Information Query**.

1. Select **Supplementary Claim Information**.

The screenshot shows a form titled "Submit Query and Attachments" with a close button (X) in the top right corner. Below the title bar, there are two dropdown menus. The first dropdown, labeled "Type *", is open and shows "Supplementary Claim Information" as the selected option. The second dropdown, labeled "Description *", is currently empty and shows "Description" as the placeholder text. At the bottom right of the form, there are two buttons: "Cancel" and "Submit".

2. Select the correct **Description**.

The screenshot shows the same "Submit Query and Attachments" form. The "Type *" dropdown is still set to "Supplementary Claim Information". The "Description *" dropdown is now open, displaying a list of options. The options include "Explain Code AU - Consultation Notes/Report/Letter", "Ex. Code AU - Operative Record and Operative Notes with Anesthetic and Surgical Start and Stop Times", "Explain Code AU - Descriptive Letter", "Ex. Code AU - Office Visit Medical Record and Notes with Start and Stop Times for Time Based Codes", "Ex. Code AU - In Hospital Visit Medical Record and Notes with Start and Stop Times for Time Based Codes", and "Ex. Code AU - Emergency Visit Medical Notes with Nursing Bedside Notes". The "Description" placeholder is at the top of the list. The "Cancel" and "Submit" buttons are still visible at the bottom right.

3. If **Request for general reassessment** is selected, enter a detailed comment explaining the reason for the recovery. For all other selections, move to step 4.

The screenshot shows the "Submit Query and Attachments" form. The "Type *" dropdown is still "Supplementary Claim Information". The "Description *" dropdown is open and shows "Request for general reassessment (Claims Supervisor)" as the selected option. Below the dropdowns, there is a text area labeled "Comments" with the text "Request for general reassessment (Claims Supervisor)" entered. The "Cancel" and "Submit" buttons are at the bottom right.

- For all other selections a document(s) must be uploaded. Click **Choose File**. The file format can be in pdf, word, excel, jpeg, png.

Handling Rejected Line Items

Scenario #1

Your claim was originally submitted with the following two-line items:

- Line 1 - 9B
- Line 2 – 890L

After the adjudication process, the results were:

- Line 1 - 9B – Rejected with an explanatory code of BJ (missing referring doctor)
- Line 2 – 890L – Paid

Action required:

- Resubmit 9B, using your billing software, with the correct referring doctor's billing number.
 - No action is required for 890L as it will be paid on the next bi-weekly run.
-

Scenario #2

Your claim was originally submitted with the following two-line items:

- Line 1 - 9B
- Line 2 – 890L

After the adjudication process, the results were:

- Line 1 - 9B – Rejected with an explanatory code of AU (MSB is auditing all 9B claims submitted by this physician)
- Line 2 – 890L – Paid

Action required:

- Query the line item with 9B to add the appropriate Consult Report

[Cancel] [Submit]

- No action is required for 890L as it will be paid on the next bi-weekly run.
-

Scenario #3

Your claim was originally submitted with the following two-line items:

- Line 1 - 9B
- Line 2 – 795A

After the adjudication process, the results were:

- Line 1 - 9B – Paid
- Line 2 – 795A - Rejected with an explanatory code of BK (service is not payable)

Action required:

- No action required. 9B will be paid on the next bi-weekly run and 795A cannot be paid based on the Assessment Rules.

Scenario #4

Your claim was submitted, and all line items passed through the Assessment Rules and will be paid on the next bi-weekly run. However, you realize incorrect information was submitted on the claim.

Action required:

- The day following your submission (can only query a claim after the daily processing run is completed by the Claims Processing System), query the claim in Customer Portal to recover the claim. All line items associated with this claim will have a status of Paid.

Physician Requested Recovery - Billed in error ✕

Cancel Submit

- Once the claim has been recovered, resubmit the claim with the correct information. You can confirm that the claim was recovered by querying the claim again or by checking your Daily Return File after the daily processing run is completed by the Claims Processing System. All the line items will have a status of Rejected with explanatory code BP.

Scenario #5

The following claims were submitted on the same day, by the same physician, in the same clinic for the same patient:

- Claim #1 – 3B for a complete physical done in the morning.
- Claim #2 – 5B as the patient returned to the clinic for a broken ankle.

After the adjudication process, the results were:

- Claim #1 – 3B – Paid as it was the first claim submitted.
- Claim #2 – 5B – Rejected with an explanatory code DA as there was no comment attached to the original claim explaining the scenario.

Action required:

- Query the claim with 5B to add a comment. If a supporting document would be beneficial in explaining the scenario feel free to attach one.

Supplementary Claim Information

Description *
Request for general reassessment (Claims Supervisor)

Comments

Physician saw the same patient, in the same clinic, on the same day as follows:

First visit
Patient came in for a complete physical assessment (3B) at 9am.

Second visit
Patient returned at 3pm in the afternoon as they broke their ankle. Physician assessed their ankle and sent them to the ER (5B).
