

Updating Clinic 000 for CBS Clients

Medical Services Branch

Claims Replacement Project

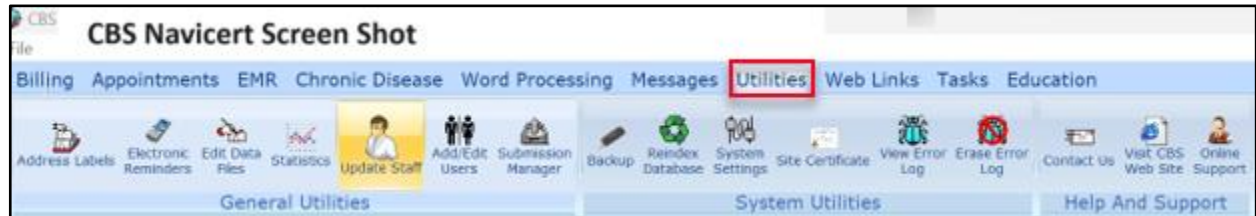

CBS Updates for Clinic 000

Changing the Clinic Number

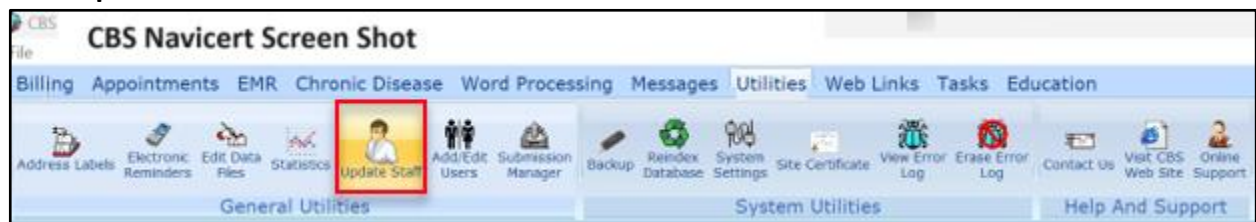

With the new Claims Processing System upgrade at Medical Services, **Clinic 000** has been eliminated. If you use **Clinic 000** a new clinic number has been assigned to you.

It is recommended to update your new clinic number in CBS after go-live but prior to your first submission and then save the changes. Once updated you will not have to change or update it again.

1. Click on **Utilities**.

2. Click **Update Staff**.

CBS Updates for Clinic 000

3. Click on the **Doctor to update**.

CBS Navicert Screen Shot

Click ADD to add a new doctor to this list.
