Promoting construction of safe, healthy, habitable buildings

2025 Code Adoption Workshops

Adopting the 2025 editions of the National Building Code of Canada, the National Energy Code of Canada for Buildings, the National Plumbing Code of Canada and the National Fire Code of Canada is proposed for January 1, 2027.

The Building and Technical Standards branch will host workshops in Regina and Saskatoon to highlight the significant changes to the 2025 codes. The workshop will be of interest to building owners and managers, industry professionals, municipal officials, building officials, fire inspectors, designers and other code users.
