A HERITAGE SENSITIVE

These lands are considered heritage sensitive either in whole or in part. They contain recorded archaeological, historical or paleontological sites or are judged to have high site potential due to their proximity to major waterways, lakes, sheltered valleys, hummocky terrain, or other heritage sensitive landforms. Petroleum developments on these lands may require heritage resource impact assessment, pursuant to Section 63 of *The Heritage Property Act*, prior to any land disturbance. Specific inquiries regarding the need for and scope of heritage resource impact assessment should be directed to:

Mr. Tom Richards
Senior Archaeologist Heritage Conservation Branch
Ministry of Parks, Culture and Sport
Telephone: (306) 787-5774

A1 HERITAGE PROTECTION AREAS

These lands are protected by provincial heritage designated pursuant to Part IV of *The Heritage Property Act* or are under consideration for such protection. They may also contain Sites of a Special Nature as defined in Section 64 of the Act. As such, surface alteration of any kind or permanent visual impact on the land parcels so indicated will be **restricted or prohibited**. Drilling from neighbouring lands may have similar restrictions and/or may require appropriate reclamation procedures to mitigate the visual impact of petroleum facility construction and removal. Inquiries regarding these areas should be directed to:

Mr. Tom Richards
Senior Archaeologist Heritage Conservation Branch
Ministry of Parks, Culture and Sport
Telephone: (306) 787-5774

B ENVIRONMENTALLY SENSITIVE & WILDLIFE HABITAT

These lands either in whole or in part contain an environmentally sensitive area and as such will require an Oil and Gas Project Proposal (OGP) be submitted to Lands Branch for environmental review before the proposed activity may proceed. Activities that meet the definition of a 'development' under *The Environmental Assessment Act* will be forwarded to the Environmental Assessment Branch and may require an Environmental Impact Assessment and Ministerial Approval prior to proceeding. Inquiries regarding these areas should be directed to the nearest Ministry of Environment Lands Branch office:

Swift Current	(306) 778-8260
Melville	(306) 798-3129
Saskatoon	(306) 933-6515
Meadow Lake	(306) 236-9817
Prince Albert	(306) 953-2400

B1 ENVIRONMENTAL PROTECTION PLAN AREAS - Replaced with Restriction B.

C WILDLIFE HABITAT - Replaced with Restriction B.

E PARTIAL DRAINAGE UNIT

These lands either in whole or in part contain incomplete drainage units which will require pooling with adjacent lands.

F MANITOU SAND HILLS INTEGRATED RESOURCE MANAGEMENT PLAN AREA

These lands either in whole or in part are within the Manitou Sand Hills Integrated Resource Management Plan area. These lands contain environmentally sensitive areas and require an Oil and Gas Project Proposal (OGP) to be submitted to the Environmental Assessment Branch for environmental screening before the proposed activities can proceed. Inquiries regarding these areas should be directed to:

Ms. Brianne England
Manager of Applications
Environmental Assessment Branch
Ministry of Environment
Telephone: (306) 787-6190

G SPECIAL MANAGEMENT AREA - Replaced with Restriction F.

H REGIONAL PARKS

These lands either in whole or in part are located within the boundaries of a regional park and **no surface access** will be allowed on these areas without approval of the local park authority.

I MOOSE MOUNTAIN PROVINCIAL PARK

These lands are located either in whole or in part within the boundaries of the Moose Mountain Provincial Park. Resource extraction will only be allowed within certain areas in the Park's Resource Management Zone and will be subject to certain conditions. Inquiries regarding these areas should be directed to:

Land Management South – Melville
Ministry of Environment
Telephone: (306) 798-3129

J TOWNSITES

These lands either in whole or in part are located within a townsite and permission must be obtained from the proper authorities before drilling operations may proceed.

K OFFSET COMMITMENT

These lands either in whole or in part are offset by freehold production as outlined under Section 9-15 of *The Oil and Gas Tenure Registry Regulations*, and as such contain offset commitments. (Please note: Other offset commitments may come into effect prior to the sale date). For more information please contact:

Ministry of Energy and Resources
Phone: 1-855-219-9373
Email: er.servicedesk@gov.sk.ca

L DRILLING RESTRICTIONS

These lands either in whole or in part are located in a restricted drilling area and prior approval will be required before any drilling activity may be initiated.

M PARKS LAND (Provincial Parks, Protected Areas, Historic Sites and Recreation Sites)

These lands are located either in whole or in part on park land. Resource extraction will only be allowed in Resource Management Zones in certain parks. Surface access will be **restricted or prohibited** on portions of these lands and other conditions will apply. Inquiries regarding these lands should be directed to:

Mr. Glen Longpré,
Manager Landscape Protection Unit
Ministry of Parks, Culture and Sport
Telephone: (306) 787-0846

N MEADOW LAKE PROVINCIAL PARK

These lands are located either in whole or in part within the boundaries of Meadow Lake Provincial Park. Resource extraction activities will only be allowed within certain areas in the Park's Resource Management Zone and are subject to **significant** access restrictions including the possibility of **no** surface access. Inquiries regarding these lands should be directed to:

Land Management North – Meadow Lake
Ministry of Environment
Telephone: (306) 236-9817

O NORTHERN PROVINCIAL FOREST

These lands either in whole or in part are subject to *The Forest Resource Management Regulations*. Inquiries regarding these areas should be directed to the nearest Ministry of Environment Lands Branch Office:

Meadow Lake— Telephone: (306) 236-9817

Prince Albert – Telephone: (306) 953-2400

P POTASH RESTRICTED DRILLING AREA

These lands are located within a potash Restricted Drilling Area and consent must be obtained from the Potash Corporation of Saskatchewan prior to licencing a well.

Q PASQUIA PROVINCIAL FOREST - Replaced with Restriction O.

R PORCUPINE PROVINCIAL FOREST - Replaced with Restriction O.

S SPECIFIC RESTRICTION

(S1) Replaced with Restriction **(S23)**.

(S2) Replaced with Restriction **(S45)**.

(S3) This area contains several abandoned underground coal mines. Prior to any drilling operations, the Lands and Mineral Tenure Branch of the Ministry of Energy and Resources should be contacted to determine the location of any underground mines near the proposed drilling site. Inquiries should be directed to:

Ministry of Energy and Resources

Phone: 1-855-219-9373

Email: er.servicedesk@gov.sk.ca

(S4) A previously issued Lease of Space Agreement for Lsd 15 authorizes salt water disposal into the Dina Sand at the well located at 91/15-34-51-20W3. Inquiries should be directed to:

Ministry of Energy and Resources

Phone: 1-855-219-9373

Email: er.servicedesk@gov.sk.ca

- (S5) This land is part of the Alameda Wildlife Mitigation Lands, administered by the Saskatchewan Watershed Authority. Surface access may be **restricted** on portions of these lands. Inquiries should be directed to:

Mr. Bryan Osborne
Manager Regional Services Weyburn Office
Water Security Agency
Telephone: (306) 848-2347

- (S6) Replaced with Restriction (S45).

- (S7) These lands are located within Meadow Lake Provincial Park and **absolutely no surface access** will be allowed within the park boundary. Any exploration activities must take place outside the park boundary.

- (S8) Replaced with Restriction (S45).

- (S9) These lands either in whole or in part are Saskatchewan Wildlife Federation lands. Surface access may be **restricted or prohibited** on portions of these lands. Inquiries should be directed to:

Mr. Darren Newberry
Habitat Trust Land Coordinator
Saskatchewan Wildlife Federation
Telephone: (306) 693-9022

- (S10) Acquisition of this parcel does not constitute ownership of any wells located on the parcel.

- (S11) Replaced with Restriction (S45).

- (S12) These lands either in whole or in part are located within an environmentally sensitive zoning district in the Rural Municipality of Miry Creek No. 229 and surface access may be **restricted or prohibited** at the discretion of the Municipal Council under the terms of two bylaws: the Development Plan Bylaw and the Zoning Bylaw.

- (S13) These lands either in whole or in part are located within a Reservoir Development Area and will require a permit from the Saskatchewan Watershed Authority prior to any drilling operations.

- (S14) These lands either in whole or part have a previously issued helium disposition. For more information on the implications of this disposition please contact:

Ministry of Energy and Resources
Phone: 1-855-219-9373
Email: er.servicedesk@gov.sk.ca

(S15) Replaced with Restriction (S45).

(S16) These lands in whole or in part may contain areas that are ecologically sensitive, environmentally sensitive, heritage sensitive or may offer habitat that is critical to various species at risk. A detailed review should be performed prior to any approval granted for exploration. Inquiries regarding these lands should be directed to:

Ministry of Environment
Telephone: 1-800-567-4224
Email: centre.inquiry@gov.sk.ca

(S17) These lands are within the Canadian Forces Camp Dundurn and surface access may be **restricted or prohibited**.

(S18) Replaced with Restriction (S45).

(S19) These lands either in whole or in part are located within the *Great Sand Hills Planning District* in the Rural Municipality of Clinworth No. 230 and surface access may be **restricted or prohibited** at the discretion of the applicable Municipal Council.

(S20) These lands are located within the Prime Conservation Area of the Manitou Sand Hills Integrated Resource Management Area and **absolutely no** surface access will be allowed below the high water line as indicated on the 1918 Survey Plan. Surface access to these lands must be from outside the Prime Conservation Area. Inquiries regarding these lands should be directed to:

Mr. Tim Schultz
Regional Manager Northwest Regional Office
Ministry of Agriculture
Telephone: (306) 446-7449

(S21) These lands either in whole or in part are part of a Wildlife Mitigation Land Area. Surface access will be **restricted or prohibited** on portions of these lands. Inquiries regarding these areas should be directed to:

Mr. Bryan Osborne
Manager Regional Services Weyburn Office
Water Security Agency
Telephone: (306) 848-2347

(S22) These lands are located within the Cypress Hills Uplands Management Area as part of the Rural Municipality of Maple Creek's Zoning Bylaws. Due to their sensitive nature, **absolutely no** surface access will be allowed on some or all of these lands. Inquiries regarding these lands should be directed to:

Ministry of Energy and Resources
Phone: 1-855-219-9373
Email: er.servicedesk@gov.sk.ca

(S23) These lands are located within the Natural Zone of Moose Mountain Provincial Park and **absolutely no** surface access will be allowed.

(S24) The Crown surface rights for these lands are in the process of being set apart as a reserve for the use and benefit of the Ocean Man First Nation. The Province's *Surface Rights Acquisition and Compensation Act* will not apply to the surface of these lands once they attain reserve status. Under these circumstances, surface access to the new reserve will require the consent of the First Nation and the Government of Canada. For more information on the status of these lands, please contact:

Ministry of Energy and Resources
Phone: 1-855-219-9373
Email: er.servicedesk@gov.sk.ca

(S25) A National Historic Site exists on this parcel either in whole or in part. **Absolutely no** surface access will be allowed within the Historic Site. The province's *Surface Rights Acquisition and Compensation Act* does not apply to this Site. Parks Canada must be contacted prior to any exploration activities taking place on this parcel. Inquiries should be directed to:

Ms. Cheryl Penny
Superintendent Saskatchewan South Field Unit
Parks Canada
Telephone: (306) 298-2257

(S26) These lands are in proximity to the Clearwater River Provincial Wilderness Park, headwaters of the Clearwater River (a designated Canadian Heritage River) and/or the proposed Fire Bag Lake Representative Area Network site which has identified this area as unique and sensitive. All activities, including seismic exploration and exploratory drilling, with potential to cause environmental impacts will require that an Environmental Protection Plan be submitted to the Environmental Assessment Branch for screening review pursuant to *The Environmental Assessment Act*. Activities meeting the 'development' definition in The EA Act will require an Environmental Impact Assessment be completed and a Ministerial Approval be received prior to development occurring. The following offices should be contacted well in advance of any exploration or development activities:

Land Management North – Meadow Lake
Ministry of Environment
Telephone: (306) 236-9817

Ms. Brianne England
Manager of Applications
Environmental Assessment Branch
Ministry of Environment
Telephone: (306) 787-6190

(S27) These lands fall within an existing Forest Management Agreement (FMA) Area. Successful bidders will be required to work with the FMA holder to coordinate road access development in the area. The nearest Ministry of Environment office should be contacted well in advance of any exploration or development activities:

Land Management North - Prince Albert
Telephone: (306) 953-2400

Land Management North – Meadow Lake
Telephone: (306) 236-9817

(S28) These lands either in whole or in part contain an environmentally sensitive area and as such may require environmental screening before exploration activities can proceed. Inquiries regarding these areas should be directed to:

Land Management North - Prince Albert
Ministry of Environment
Telephone: (306) 953-2400

- (S29) These lands either in whole or in part have a previously issued alkali disposition and surface access might be **restricted or prohibited**. The alkali lessee must be contacted prior to any exploration activities taking place and an agreement with the alkali lessee may be required by the Ministry of Energy and Resources before the proposed activity may proceed. Inquiries regarding these lands should be directed to:

Ministry of Energy and Resources

Prince Albert	(306) 953-2400

- (S31) These lands fall within an existing Forest Management Agreement (FMA) Area. Successful bidders will be required to work with the FMA holder to coordinate road/access development in the area. In addition, woodland caribou may be present in this area. As a Federally listed threatened species, woodland caribou warrant special consideration and a full Environmental Protection Plan may be required prior to any exploration work being undertaken. The following office should be contacted well in advance of any exploration or development activities:

Land Management North – Meadow Lake
Ministry of Environment
Telephone: (306) 236-9817

- (S32) These mineral rights are located under Crown resource lands administered by the Saskatchewan Ministry of Environment. Prior to the approval of any surface dispositions that may adversely affect Treaty or Aboriginal rights the Ministry of Environment will be required to undertake consultations in accordance with the [*First Nation and Metis Consultation Policy Framework*](#). For more information on consultation requirements related to oil sands exploration, please contact:

Land Management North – Meadow Lake
Ministry of Environment
Telephone: (306) 236-9817

Please note that *The Oil and Gas Tenure Registry Regulations* provide for an extension of the term of any disposition issued under these regulations in the event that additional time is required to conduct consultations in accordance with the Guide.

(S33) This parcel is located in close proximity to a CO₂ (EOR) project and as a result overpressured zones may be present. It is advisable that appropriate precautions be taken should drilling operations take place on these lands.

(S34) Replaced with Restriction (S45).

(S36) These lands either in whole or in part have a previously issued Lease of Space Agreement. Inquiries regarding the potential impact on any exploration or development activities should be directed to:

Ministry of Energy and Resources
Phone: 1-855-219-9373
Email: er.servicedesk@gov.sk.ca

(S37) The Buffalo Grass Ecological Reserve is located within NW/8-2-8W2 and there will be **absolutely no** surface access within this Reserve.

(S38) Replaced with Restriction O.

(S39) These lands either in whole or in part contain significant paleontological resources. Due to their sensitive nature, surface access may be **restricted or prohibited** on portions of these lands. A detailed review is necessary prior to any development on these lands. Inquiries should be directed to:

Mr. Tom Richards, Senior Archaeologist Heritage
Conservation Branch
Ministry of Parks, Culture and Sport
Telephone: (306) 787-5774

(S40) These lands are located within an active coal mining area and surface access may be **restricted or prohibited**.

(S41) This parcel was recently included in a Treaty Land Entitlement (TLE) Selection which was terminated by the Government of Saskatchewan owing to the lack of progress in acquiring the surface title under the terms of the TLE Agreement. It is possible that the Entitlement First Nation may still be actively negotiating the purchase of the surface title from the freehold surface owner. If a purchase occurs prior to the land sale date, the Ministry of Energy and Resources will be required to withdraw the parcel from the land sale. Purchases of surface title that occur after the land sale date do not affect the status of the mineral disposition. For more information on the TLE process, please contact:

Ministry of Energy and Resources
Phone: 1-855-219-9373
Email: er.servicedesk@gov.sk.ca

- (S42) These lands either in whole or in part are subject to a mineral claim issued under *The Mineral Tenure Registry Regulations*. Mineral claims provide the right to explore for uranium, diamonds, and base metals (including gold, silver, iron, etc), for example, but do not provide a right to the oil and gas rights. Note that subject to Section 11-7 of *The Oil and Gas Tenure Registry Regulations*, no holder of an oil and gas disposition shall interfere with any other development operations, including mining operations. For more information contact:

Ministry of Energy and Resources
Phone: 1-855-219-9373
Email: er.servicedesk@gov.sk.ca

- (S43) These lands are located within the surface boundaries of the Coleville-Smiley Viking Sand Gas Unit. In accordance with the plan of unit operation for the gas unit, the owner of the right to search for and produce oil from the Viking Sand shall deliver and make available to the unit operator, at a point beyond the separator, all gas produced from any well which he operates, or may operate, for the production of oil from the Viking Sand. The owner of the right to search for and produce oil from the Viking Sand shall notify the unit operator of the gas unit and make suitable arrangements regarding the recovery, conservation, delivery, and use of any gas produced from a well. Inquiries regarding the Coleville-Smiley Viking Sand Gas Unit should be directed to:

Ministry of Energy and Resources
Phone: 1-855-219-9373
Email: er.servicedesk@gov.sk.ca

- (S44) These lands either in whole or in part contain critical habitat for Species at Risk and **absolutely no surface access** will be allowed on those lands containing critical habitat. Inquiries should be directed to:

Ministry of Environment
Telephone: 1-800-567-4224
Email: centre.inquiry@gov.sk.ca

- (S45) These mineral rights are located under a surface-only Indian Reserve. The province's *Surface Rights Acquisition and Compensation Act* does not apply to these lands. Surface Access to these lands will require the approval of the First Nation and Indian and Northern Affairs Canada. Inquiries should be direct to:

Ms. Jacquelyn Conrod
Acting Manager of Lands
Indigenous Services Canada
Telephone: (306) 501-3586

- (S46) Please be advised that all new oil and gas wells or facilities licenced on this parcel are subject to Minister's Order: *Glen Ewen/Oxbow Area Associated Gas Conservation*, dated December 28, 2014, and are ineligible for the exemptions provided under the *Saskatchewan Upstream Petroleum Industry Associated Gas Conservation Directive S-10*, with respect to the economic, air emission and associated gas volume flaring and venting exemptions. In addition all oil and gas wells and facilities developed on this parcel shall comply with sections 51(2) and 51(3) of The Oil and Gas Conservation Regulations, 2012.
- (S47) This parcel is in close proximity to the Aquistore project. Carbon dioxide is being injected and stored in the Winnipeg and Deadwood Formations. More information regarding this project can be found at www.aquistore.ca.
- (S48) These lands either in whole or in part are located within 3 kilometres of an active subsurface mineral disposition and require that the Ministry of Energy and Resources and the holder of the subsurface mineral disposition receive a 30 day written notice from the well licence holder prior to the commencement of all drilling operations per Section 3(2) of *The Subsurface Conservation Regulations*.
- (S49) These lands either in whole or in part are subject to a subsurface mineral disposition issued under The Subsurface Mineral Tenure Regulations. No holder of an oil and natural gas, oil sands or oil shale disposition shall interfere with operations associated with a subsurface mineral disposition.
- (S50) These lands either in whole or in part are subject to a quarry disposition issued under The Quarrying Regulations, 1957. No holder of an oil and natural gas, oil sands or oil shale disposition shall interfere with operations associated with a quarry disposition.
- (S51) These lands are within the boundary of the Weyburn Midale Unit but are not unitized. Acquisition of these lands does not constitute unitization of these lands and any operations on these lands cannot interfere with unit operations as per section 11-7 of The Oil and Gas Tenure Registry Regulations.

X COAL MINING AREA

These lands either in whole or in part have a previously issued coal disposition and surface access might be **restricted**. The coal lessee must be contacted prior to any exploration activities taking place and an agreement with the coal lessee may be required by the Ministry of Energy and Resources before the proposed activity may proceed. Inquiries regarding these lands should be directed to:

Ministry of Energy and Resources
Phone: 1-855-219-9373
Email: er.servicedesk@gov.sk.ca

Y NATIONAL WILDLIFE AREA

These lands either in whole or in part are located within a National Wildlife Area and **absolutely no surface access** will be allowed within the Wildlife Area.
