[Canadian Grain Commission: Harvest Sample Program](#)

The Harvest Sample Program is voluntary and is an opportunity to receive a free, unofficial Canadian Grain Commission grade and quality results that include:

- Protein content on cereal grains and pulses.
- Oil, protein and chlorophyll content for canola.
- Oil and protein content and iodine value for flaxseed.
- Oil and protein for mustard seed and soybeans.

[Canadian Grain Commission: Authorized third-party service providers - inward sampling, inspection or weighing](#)

The Canadian Grain Commission authorizes companies as third-party service providers when they have completed the application process and have provided required information and payment. Canadian Grain Commission authorized companies are included in this list of authorized third-party service providers.
