

Multi-Licensed Site Reclamation Liability Reduction

The multi-licensed site reclamation liability form is a required component of Saskatchewan's Licensee Liability Rating Program when a licensee is looking to reduce the reclamation liability associated with multiple wells and/or facilities located on a single surface lease.

Licence Information

Licence Code: 00000 Licensee Name: Miscellaneous Resources Ltd.

Note: The well or facility with the highest current reclamation liability must retain the full amount.

LICENCE NUMBER	SURFACE LOCATION	STATUS	LICENCE TYPE	CURRENT RECLAMATION LIABILITY	PROPOSED RECLAMATION LIABILITY
00X123	01-01-01-01W1	Suspended	Well	\$22,200.00	\$2,220.00
00X124	01-01-01-01W1	Suspended	Well	\$22,200.00	\$22,200.00
Total:				\$44,400.00	\$24,420.00

Declaration

Please check off the appropriate boxes indicating that the required information was completed in accordance with the LLR Program Guideline and accompanies this form.

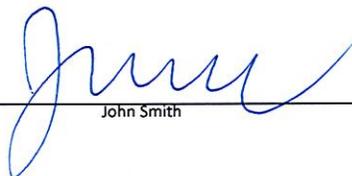

- The well/facility survey plan is attached with the lease outlined in yellow and the licence numbers/locations clearly identified.
- I hereby certify that I am authorized to represent the Licensee and that all necessary information has been provided and is accurate.
