

# CWD Carcass Disposal Program

The Ministry of Environment has partnered with the Saskatchewan Wildlife Federation to pilot a Carcass Disposal program for the 2021-2022 hunting season. The goal is to reduce the risk of spreading Chronic Wasting Disease (CWD) in the province.

These disposal sites will provide hunters with a free and convenient way to properly dispose of cervid carcasses. For more details on best disposal practices or to find more information, please visit [saskatchewan.ca/cwd](https://saskatchewan.ca/cwd).
