

Becoming a Regulated Family Child Care Home Checklist

This checklist is intended to assist you in the process of becoming a regulated family child care home. Please feel free to check each item as they are completed.

Once the checklist items are achieved your home will be regulated and a license will be issued to you. It takes approximately four weeks for a license to be issued after all requirements are met during assessments by your Early Learning and Child Care (ELCC) Consultant.

- ☐ Family Child Care Home Initial Licensing Information Session
