

Special Crop Marketing Company Listing

Company Information

If your company is listed in this document and you wish to change information or if you wish to have your company added to the list, please contact 1-306-787-8792.

Saskatchewan Agriculture makes no claim as to the reliability of the companies listed here. This is a listing service only and does not constitute endorsement for any particular company. Any individual using this resource must satisfy themselves that any company they deal with is financially sound. Saskatchewan Agriculture recommends you take additional action to ensure you're dealing with a reliable company. Not all the companies listed in this publication are licensed and bonded with the Canadian Grain Commission (CGC). Special crop growers can learn if their marketing company is licensed and bonded by checking the CGC website or by contacting the CGC at 1-800-853-6705.

For the purposes of this list:

- **Broker** refers to companies that arrange transactions between buyers and sellers, usually without taking possession of the crop.
- **Processor** refers to companies that handle and process the crop; they may or may not be acting as agents for other companies.
- **SPG Buyer** refers to companies that have registered with the SK Pulse Growers (SPG) and who remit the pulse check-off. The word "registered" does not imply endorsement.
- **Grain dealer** means a person, who for reward, on their own behalf or on behalf of another person, deals in or handles western grain.
- **Primary elevator** is a place where the principal use is receiving grain directly from producers for either or both storage and forwarding.
- **Process elevator** is an elevator where the principal use of which is receiving and storing of grain for direct manufacture or processing into other products.
- **Terminal elevator** is where the principal uses of which are the receiving of grain upon or after the official inspection and official weighing of the grain and the cleaning, storing and treating of the grain before it is moved forward.
